STRATEGIES ADOPTED
### STRATEGIES ADOPTED

#### Diversified portfolio
- Having a diverse portfolio of residential, commercial and township developments.
- Companies have projects in various strategic geographic locations in order to diversify risks.
- Focus on the growth of lease business.
- Housing finance companies and private equity (PE) companies have started focusing on affordable housing.

#### Backward integration
- An architectural, structural and interior studio and a metal and glazing factory.
- Interiors, wood working factory, and concrete block making plant.

#### Merger & Acquisition (M&A)
- In September 2019, DLF sold over nine acres of land in New Gurugram to American Express for about Rs 300 crore (US$ 42.92 million).
- Raymond sold its 20 acres Thane land to Xander-backed VRSA for Rs 700 crore (US$ 98 million).
- In January 2020, RMZ Corp entered into a strategic and equal partnership with Mitsui Fudosan (Asia) Pte Ltd to expand its business footprint.
- Iconic RK Studios property, located in suburban Chembur, was acquired by Godrej Properties.

#### Risk management in land sourcing
- Joint venture (JV) with land owners instead of amassing land banks. For example – Oberoi Realty, a Mumbai based realty firm, adopted this strategy while entering the NCR region.
- On July 23, 2020, Sunteck Realty entered a joint development agreement with landowners to construct a housing project in the Mumbai Metropolitan Region (MMR), having a revenue potential of Rs 5,000 crore (US$ 709.32 million) over the next five-seven years.

#### Superior execution
- Outsourced support functions.
- Focus on delivery capability.
- Development of world class infrastructure.
- Rationalising costs.

GROWTH DRIVERS
REAL ESTATE BEING DRIVEN BY POLICIES AND GROWING ECONOMY

- Growth in tourism
- Urbanisation
- Epidemological changes
- Growing economy
- Easier financing
- Policy support
The Indian economy has experienced robust growth in the past decade and is expected to be one of the fastest growing economies in the coming years.

India’s urban population is expected to reach 525 million by 2025, up from an estimated 461 million in 2018.

Rising income and employment opportunities have led to more urbanisation and more affordability for real estate in cities.

**Notes:** E – Estimate, F – Forecast

**Source:** IMF World Economic Outlook Database, JLL, *United Nations World Urbanization Prospects 2018*
During 2019, foreign tourist arrivals (FTAs) in India stood at 10.9 million, achieving a growth rate of 3.20 per cent y-o-y.

The Government of India has set a target of 20 million FTAs by 2020 and double its foreign exchange earnings.

India’s tourism and hospitality industry is anticipated to touch US$ 418.9 billion by 2022.

During 2019, India earned US$ 30.0 billion in foreign exchange from tourism, recording a y-o-y growth of 4.80 per cent. Foreign exchange earnings (FEEs) from tourism in India grew at a CAGR of 8.96 per cent during 2007-19.

The growing inflow from tourists is expected to provide a fillip to the hospitality sector.

Medical tourism sector in India is gaining momentum with a target of attracting 8 million medical tourists into the country by 2020.

## GOVERNMENT POLICIES ARE HELPING THE REAL ESTATE SECTOR PROSPER

### Ease in housing finance

- In order to boost affordable real estate, housing loans up to Rs 3.5 million (US$ 54,306) in metro cities were included in priority sector lending by the RBI in June 2019. Loans under priority sector lending are relatively cheaper.
- Housing loans account for more than half of retail loans.

### Housing for economically weaker section

- In Union Budget 2019-20, the Government extended benefits under Section 80-IBA of the Income Tax Act till March 31, 2020 to promote affordable housing in India.
- In February 2018, National Urban Housing Fund (NUHF) was approved with an outlay of Rs 60,000 crore (US$ 9.27 billion).
- On July 09, 2020, Union Cabinet approved the development of Affordable Rental Housing Complexes (AHRCs) for urban migrants and poor as a sub-scheme under Pradhan Mantri Awas Yojana – Urban (PMAY–U).

### FDI

- The Government has allowed 100 per cent FDI for townships and settlements development projects.
- Provision for reduction in minimum capitalisation for FDI investment from US$ 10 million to US$ 5 million to boost urbanisation.
- In January 2018, the Government allowed 100 per cent FDI in single-brand retail trading and construction development without Government approvals.

### REITs

- Real Estate Investment Trusts (REITs) in non-residential segment will open channels for both commercial and infrastructure sector. In March 2019, Embassy Office Parks, India’s first REIT, went public.
- First REIT raised Rs 4,750 crore (US$ 679.64 million) and was launched in early 2019 by global investment firm, Blackstone, and realty firm, Embassy group.

### Land Acquisition Bill

- In December 2014, the Government passed an ordinance amending the Land Acquisition Bill.
- This ordinance is intended to speed up the process for industrial corridors, social infra, rural infra, housing for the poor and defence capabilities.

*Source: Government of India, News Sources*
RBI proposed to allow banks to invest in real estate investment trusts and infrastructure investment trusts, attracting more institutional investors to such assets. Indian Banks, which are allowed to invest about 20 per cent of their net-owned funds in equity-linked mutual funds, venture capital (VC) funds and stocks, could invest in these trusts within this limit.

Institutional investment into Indian real estate sector stood at US$ 712 million during Q4FY20.

SEZs EMERGING AS AN EXTENSION OF REAL ESTATE BUSINESS

- 100 per cent FDI permitted for developing townships within SEZs with residential areas, markets, playgrounds, clubs, recreation centres, etc.
- Export from SEZs reached Rs 7.01 lakh crore (US$ 100.30 billion) in FY19 and grew by about 14.5 per cent to Rs 3.82 lakh crore (US$ 54.66 billion) in April-September 2019.
- In March 2020, proposals from TCS and DLF to set up SEZs for IT sector in Haryana and Uttar Pradesh was approved by the Government.
- Industry players, including realtors and property analysts, are rooting for the creation of "Special Residential Zones" (SRZs) along the lines of SEZs.

</table>
| **Education**                 | - NCR is expected to have the highest incremental demand from the education sector during the period of 2015-20.  
- The rising young population of India is expected to drive this space.                                                                                                                                   |
| **Healthcare**                | - The healthcare market is expected to reach US$ 372 billion by 2022.  
- India requires additional 1.1 million beds.  
- India needs to add 2 million hospital beds to meet the global average of 2.6 for every 1,000 people.                                                                                                     |
| **Senior citizen housing**    | - Emergence of nuclear families and growing urbanisation have given rise to several townships that are developed to take care of the elderly.  
- A number of senior citizen housing projects have been planned. The segment is expected to grow significantly in the future.  
- The segment in India can reach US$ 7.7 billion in market size by 2030 according to a study by the Ministry of Commerce and Industry.                                                                        |
| **Service apartments**        | - Growth in the number of tourists has resulted in demand for service apartments.  
- This demand is likely to grow and presents opportunity for the unorganised sector.                                                                                                                       |
| **Hotels**                    | - FTAs in India is expected to reach 15.3 million by 2025, which is expected to lead to an increase in demand for hotels.                                                                                       |
