Executive summary

- India is the world's second-largest producer of textiles and garments. It is also the fifth-largest exporter of textiles spanning apparel, home and technical products.
- The textiles and apparel industry contributes 2.3% to the country's GDP, 13% to industrial production and 12% to exports.
- Rising per capita income, favourable demographics and a shift in preference to branded products will boost demand.
- Demand is expected to rise at a 12% CAGR to reach US\$ 220 billion by FY26 from US\$ 106 billion in F2Y20.
- The textile industry has around 45 million of workers employed in textiles sector, including 3.5 million handloom workers.
- India's textile and apparel exports stood at US\$ 33.80 billion in FY20. According to Invest India, textile and apparel exports are expected to reach US\$ 300.00 billion by FY25, with global share likely to increase from 5% to 15%.
- Cloth production in FY19 stood at 71.05 billion square meters and 63.34 billion square meters in FY20 (until January 2020).
- India is working on major initiatives, including setting up five integrated mega textiles parks, a world-class testing lab and starting a focussed product scheme, to position the country as a global hub in the man-made fibre (MMF) and technical textiles segments.
- In January 2021, the Indian Texpreneurs' Federation (ITF) suggested a six-pronged strategy to achieve double-digit growth in the textiles and apparel sector. ITF published the strategy under the theme '2021-A year of progress for Indian Textile & Apparel Sector'.

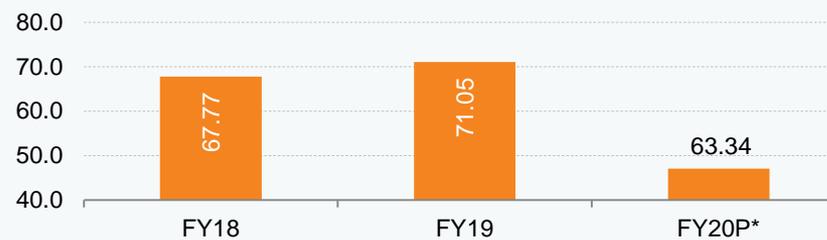

Domestic textile and apparel industry in India (US\$ billion)

Textiles and apparel exports from India (US\$ billion)

Total cloth production in India (billion square meters)

Advantage India

1. Competitive Advantage

- ▶ Abundant availability of raw materials such as cotton, wool, silk and jute.
- ▶ India enjoys a comparative advantage in terms of skilled manpower and in cost of production relative to major textile producers.
- ▶ In March 2021, Minister of Textiles Ms. Smriti Irani announced that India will be fully self-reliant in silk production in the next two years.

2. Policy Support

- ▶ 100% FDI (automatic route) is allowed in the Indian textile sector.
- ▶ Under Union Budget 2020-21, a National Technical Textiles Mission is proposed for a period from 2020-21 to 2023-24 at an estimated outlay of Rs. 1,480 crore (US\$ 211.76 million).
- ▶ Production-linked Incentive (PLI) Scheme worth Rs. 10,683 crore (US\$ 1.44 billion) for manmade fibre and technical textiles over a five-year period.
- ▶ The 'Mega Integrated Textile Region and Apparel (MITRA) Park' scheme will establish seven textile parks over a three-year period.

4. Robust Demand

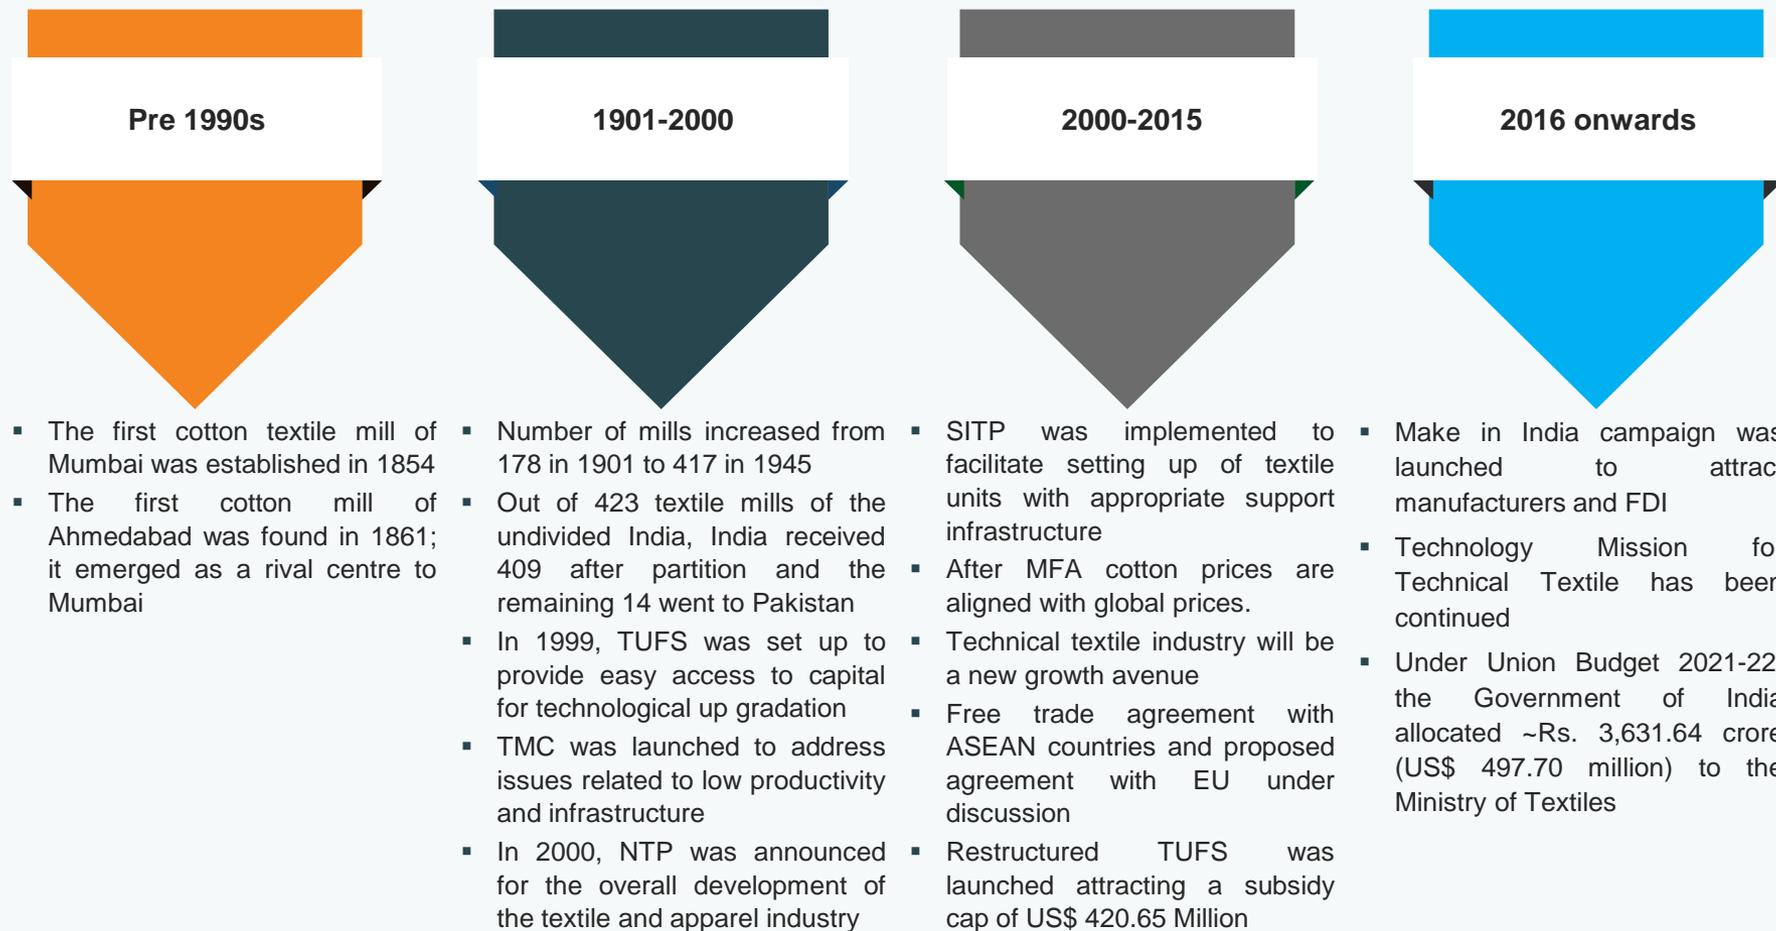

- ▶ Increased penetration of organised retail, favourable demographics and rising income level will drive demand for textiles.
- ▶ The Indian technical textiles market is expected to expand to US\$ 23.3 billion by 2027, driven by increased awareness of goods and higher disposable incomes.

3. Increasing Investments

- ▶ In order to attract private equity (PE) and employ more people, Government introduced various scheme such as Scheme for Integrated Textile Parks (SITP), Technology Upgradation Fund Scheme (TUFS) and Mega Integrated Textile Region and Apparel (MITRA) Park scheme.
- ▶ Industrial Entrepreneur Memorandum (IEMS) filed in textiles industry stood at 15 of worth Rs. 1,241 crore (US\$ 176.05 million) in January 2020.

Evolution of the Indian textile sector

Key facts

- The fundamental strength of the textile industry in India is its strong production base of wide range of fibre/ yarns from natural fibres like cotton, jute, silk and wool to synthetic / man-made fibres like polyester, viscose, nylon and acrylic.
- India's textiles industry contributed 7% to the industry output (by value) in 2018-19.
- The Indian textiles and apparel industry contributed 2% to the GDP, 12% to export earnings and held 5% of the global trade in textiles and apparel in 2018-19.

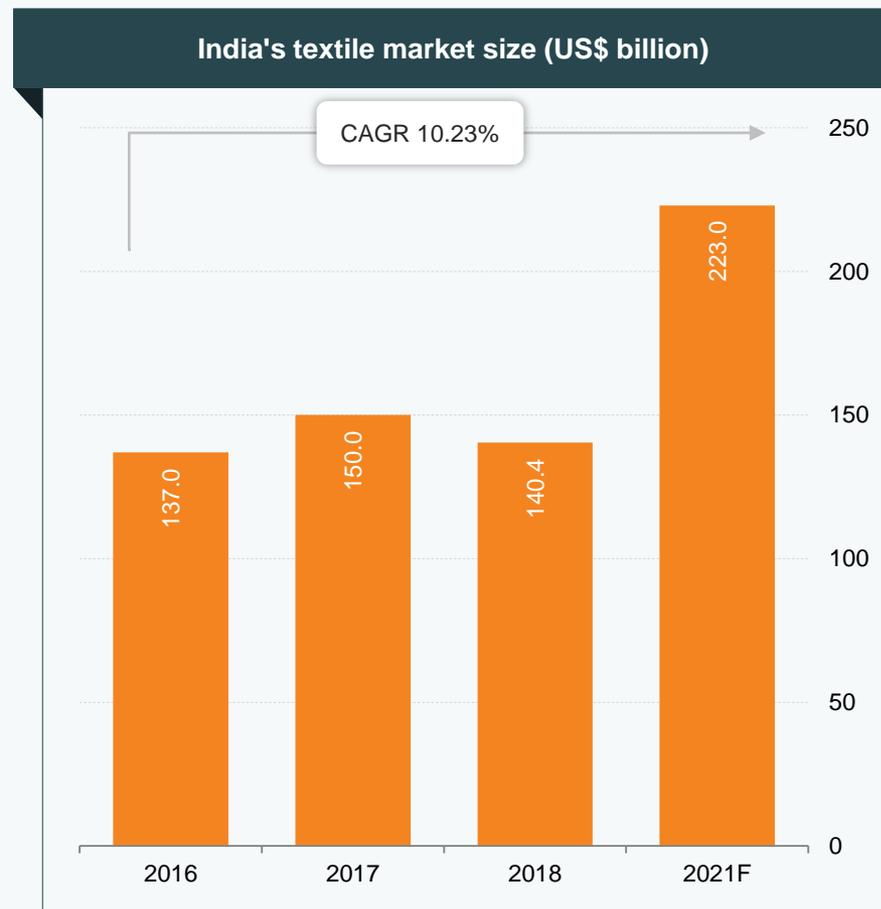

Key segments of the textile industry

The sector has been posting strong growth over the years

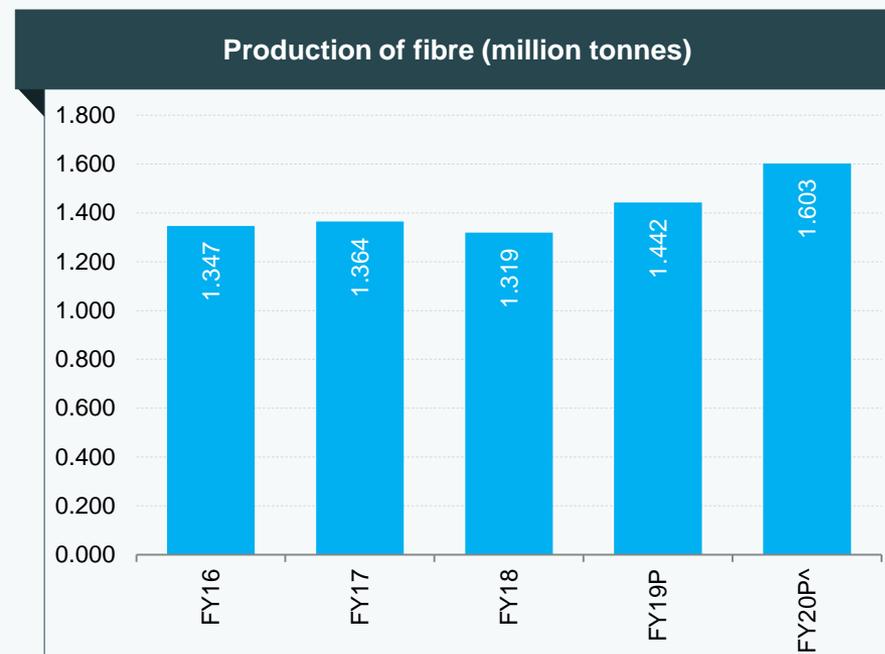

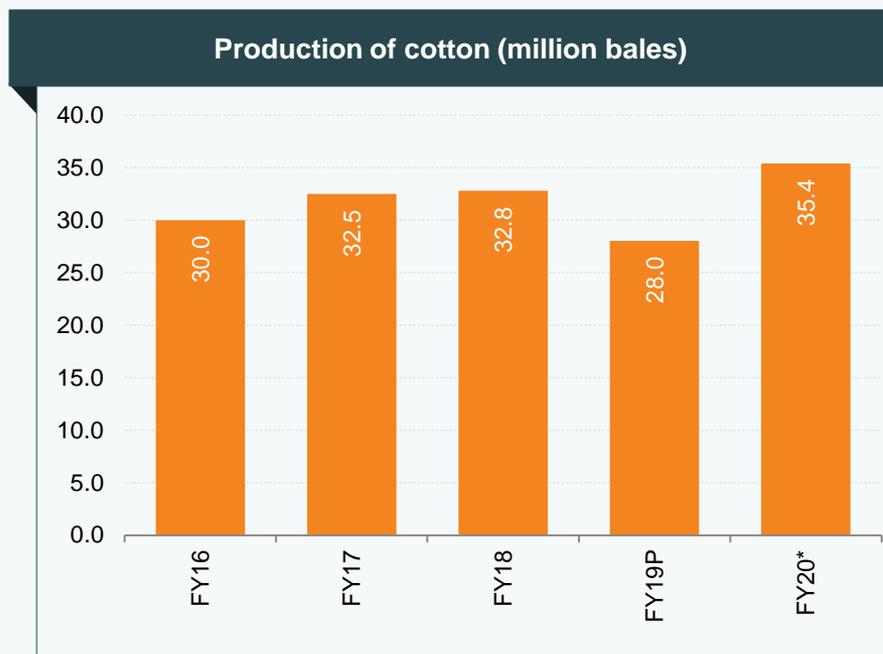

- The size of India's textile market is expected to touch US\$ 223 billion by 2021, growing at a CAGR of 10.23% over 2016.
- Indian apparel market is expected to reach US\$ 85 billion by 2021.
- The new textile policy aims to achieve US\$ 300 billion worth in textile export by 2024-25 and create an additional 35 million jobs. By 2022, the Indian textile sector will require additional 17 million workforce.

Note: F - Forecasted

Raw cotton and man-made fibre production increasing

- India is the world's largest producer of cotton. Production grew from 30.0 million bales in FY16 to 35.4 million bales in FY20*.
- Cotton production is expected to reach 36.0 million bales and consumption is expected to reach 114 million bales in FY21—13% growth over the previous year.
- Cotton and fibres are the two major segments in this category. Production of man-made fibre has also been on an upward trend.
- In FY19, the production of fibre in India stood at 1.44 million tonnes, which reached 1.603 million tonnes in FY20 (until January 2020).
- In CY2020, Cotton Corporation of India made a record procurement of ~ 151 lakh bales under MSP operations, which is ~ 290% higher than 38.43 lakh bales procured during the corresponding period last year.

Note: P - Provisional, ^ - Until January 2020, * - According to 4th Advanced Estimates

Cotton is the major segment in yarn and fabric

Production of yarn (million kgs)

Yarn Production (million square metre)

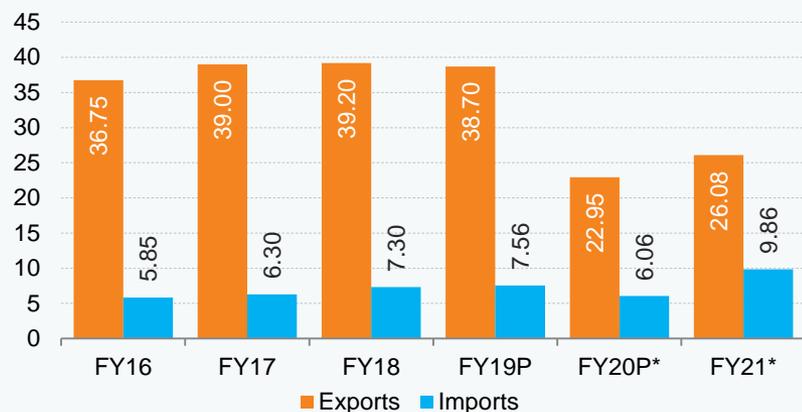

- Production of yarn grew to 5,890 million kgs in FY19 from 5,665 million kgs in FY16.
- Cotton yarn, a major segment in FY20^A, accounted for more than 54% share in yarn production.
- In March 2021, Natco Pharma announced its expansion into pheromone-based technology in order to provide Indian farmers with an integrated pest control solution. The company is planning to introduce its first green-label pheromone product to control 'pink bollworm' in cotton fields. For the pheromone-based mating disruption technology, its Crop Health Science (CHS) division will collaborate with ATGC Biotech Pvt. Ltd. (ATGC).

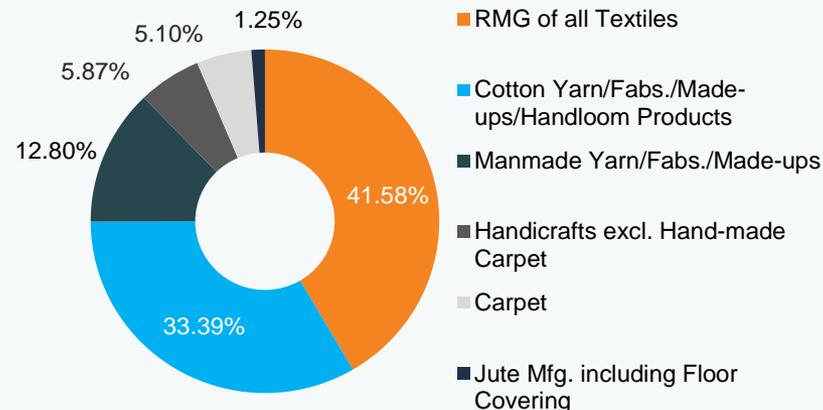

Note: P - Provisional, ^ - Until January 2020

Export have posted strong growth over the years

India's textile trade (US\$ billion)

Shares in India's textile export (FY21**)

- Export have been a core feature of India's textile and apparel sector, a fact corroborated by trade figures.
- The Goods and Services Tax (GST) is expected to make imported garments cheaper by 5-6% as the GST regime will levy 5% tax for both domestic textile manufacturers and importers.
- Exports of textiles (RMG of all textiles, cotton yarn/fabs./made-ups/handloom products, man-made yarn/fabs./made-ups, handicrafts excl. handmade carpets, carpets, jute mfg. including floor coverings) stood at US\$ 26.08 billion, as of February 2021.

Textile Commodities Export in India (February 2021)

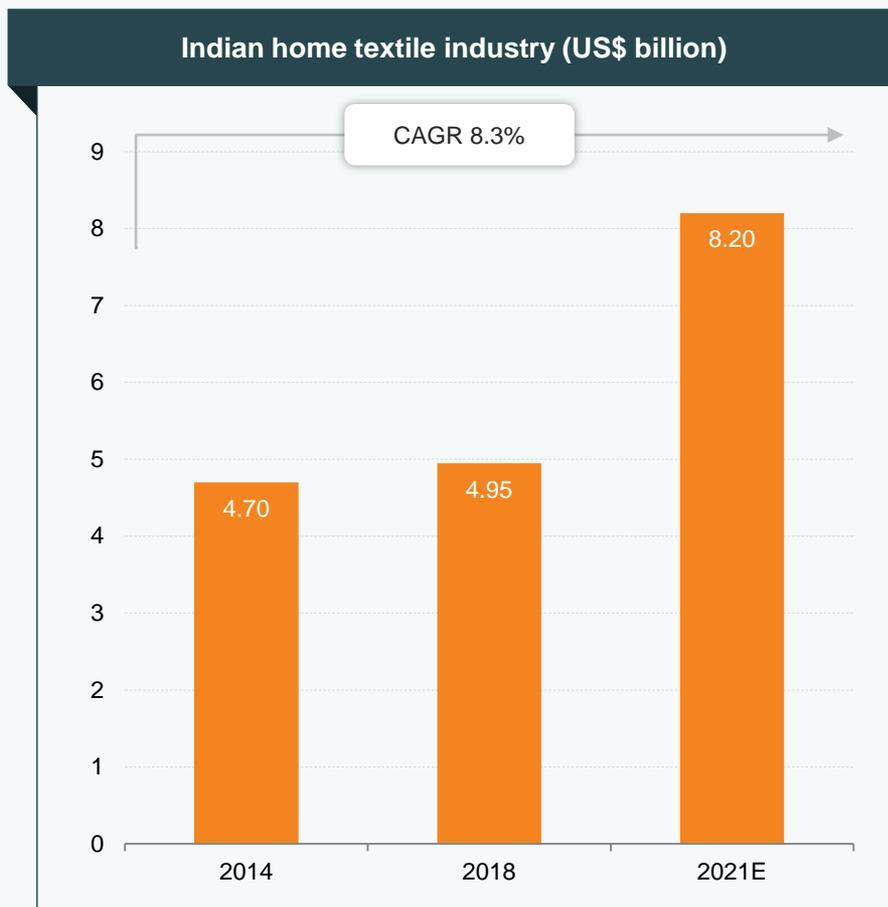

Commodities	Value (US\$ million)
RMG of all Textiles	1,349.13
Cotton Yarn/Fabs./Made-ups/Handloom Products	947.58
Manmade Yarn/Fabs./Made-ups	411.97
Handicrafts excl. Hand-made Carpet	179.27
Carpet	136.21
Jute Mfg. including Floor Covering	42.00

Note: P - Provisional, * - Until November 2019, RMG – Readymade Garments ; **Until February 2021, imports include textile yarn fabric and made-up articles; Exports include RMG of all textiles, cotton yarn/fabs./made-ups/handloom products, man-made yarn/fabs./made-ups, handicrafts excl. handmade carpets, carpets, jute mfg. including floor coverings

Source: Ministry of Textiles

Home textile industry - gaining on demand for export

- India's home textile industry is expected to expand at a CAGR of 8.3% during 2014-21 and reach US\$ 8.2 billion in 2021 from US\$ 4.7 billion in 2014.
- India accounts for 7% of the global home textiles trade. Superior quality makes companies in India a leader in export - almost two-third of India's export of textiles is to US and UK.
- Indian products have gained a significant market share in global home textiles in the past few years.
- The growth in the home textiles would be supported by growing household income, increasing population and growth of end use sectors like housing, hospitality, healthcare, etc.
- In FY19, Indian home textile industry reached US\$ 4.95 billion.

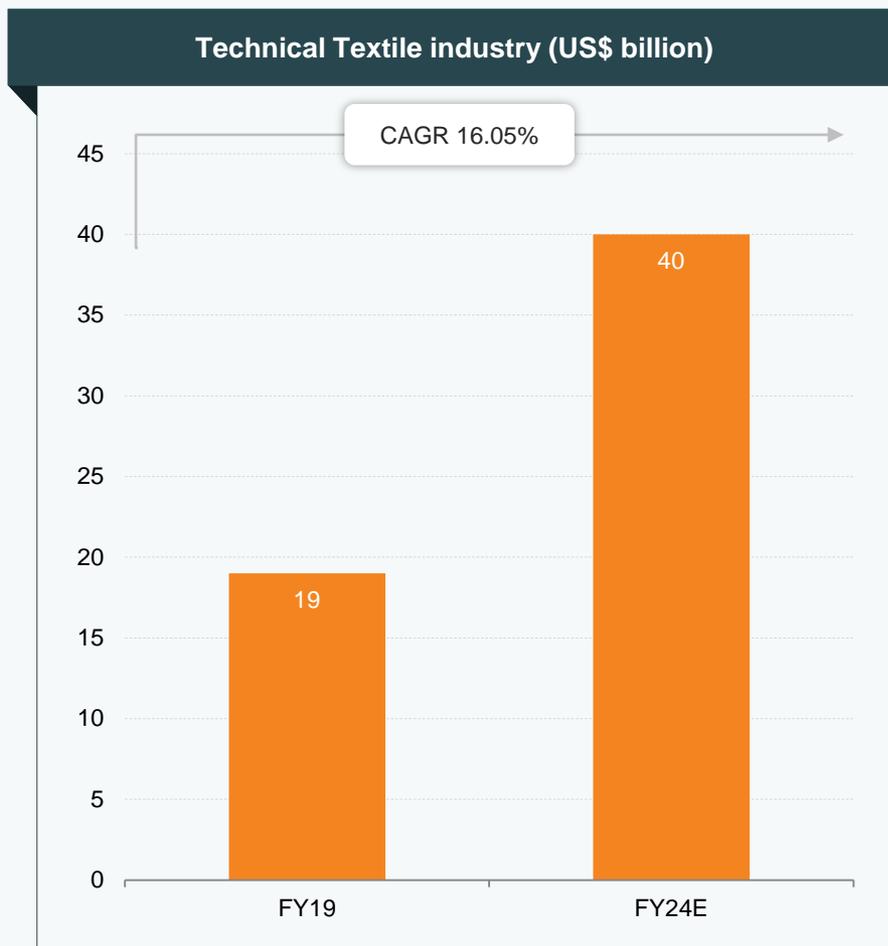

Note: E - Estimates

Source: Ministry of Textiles, Welspun Presentation

Technical textile industry - a new arena of growth

- Technical textile industries major service offerings include thermal protection and blood-absorbing materials, seatbelts and adhesive tapes.
- India is expected to be a key growth market for the technical textile sector due to cost-effectiveness, durability and versatility of technical textiles.
- The targeted market size would be achieved by targeting non-woven technical textiles. Healthcare and infrastructure sectors are major drivers of the technical textile industry.
- The Government has assigned 207 Harmonized System Nomenclature (HSN) to promote India's technical textile industry.
- The technical textile industry is expected to reach to US\$ 40 billion in FY24, increasing at a CAGR of 16.05% over FY19. It contributes ~0.7% to India's GDP and accounts for ~13% of India's total textile and apparel market.
- The industry, supported by various flagship schemes initiated by the Government to promote its full potential, is forecast to grow 20% y-o-y and is expected to reach Rs. 200,823 crore (US\$ 29.96 billion) by FY21.
- As of 2019, 348 technical textiles products were developed according to Bureau of Indian Standards (BIS).
- Government introduced six additional courses for technical textiles in its skill development programme called Samarth.

Recent Trends and Strategies

Steady recovery in textile manufacturing is likely to aid growth

- Textile manufacturing in India has been steadily recovering amid the pandemic.
- The size of India's textile industry is expected to touch US\$ 223 billion market by 2021.

Textile Manufacturing Growth under the Index of Industrial Production

Note: Index of Industrial Production (IIP) is a composite indicator of the changes in the volume of production in a chosen base period (say 2011-2012).

Notable trends in the Textiles sector... (1/4)

1

Textile Parks

- Since 2014, 59 textile park projects have been sanctioned under SITP and PPP with 40% Government assistance of up to Rs. 40 crore (US\$ 6 million). 22 textile parks out of these have been operational as of December 2019.
- Under Union Budget 2021-22, Finance Minister Ms. Nirmala Sitharaman launched a 'Mega Integrated Textile Region and Apparel (MITRA) Park' scheme to establish seven textile parks with state-of-the-art infrastructure, common utilities and R&D lab over a three-year period.
 - Under Union Budget 2021-22, the Telangana government has been allocated funds for setting up the Kakatiya Mega Textile Park (KMTP) at an estimated cost of Rs. 1,552 crore (US\$ 212 million).
 - On March 03, 2021, the Gujrat government announced to set up two mega textile parks to enable forward and backward integration in the sector.
 - In March 2021, the state-run Odisha Industrial Infrastructure Development Corporation (IDCO) and Indian Oil Corporation Limited (IOCL) signed an MoU to establish a plastic park in Paradip, Odisha.

2

Incubation in apparel manufacturing

- The objective here has been to promote entrepreneurs in apparel manufacturing by providing them an integrated workspace and reducing operational and financial cost for establishing and growing a new business.
- As of July 2019, three projects were sanctioned by the Government, one each in Madhya Pradesh, Odisha and Haryana.

3

Technical textiles

- Increased awareness of goods, higher disposable incomes, changing customer patterns and some sector-specific growth drivers are estimated to bolster the Indian technical textiles market to US\$ 23.3 billion in 2027, up from US\$ 14 billion in 2020 in Asia-Pacific.
- The technical textiles market for automotive textiles is projected to increase to US\$ 3.7 billion by 2027, from US\$ 2.4 billion in 2020. Similarly, the industrial textiles market is likely to increase at an 8% CAGR from US\$ 2 billion in 2020 to US\$ 3.3 billion in 2027.

Notable trends in the Textiles sector... (2/4)

4

Public Private Partnership (PPP)

- The Ministry of Textiles commenced an initiative to establish institutes under PPP to encourage private sector participation in the development of the industry.

5

Promotion of khadi

- In January 2021, the Indo-Tibetan Border Police (ITBP) signed an MoU with Khadi and Village Industries Commission (KVIC) for supplying 1.72 lakh cotton khadi durries every year for the Central Armed Police Forces (CAPF).
- On August 10, 2020, KVIC inaugurated the first of its kind Training cum Production Center of Silk in the tribal village of Chullyu in Arunachal Pradesh

6

Diversification

- Raymond group under its group company, J.K.Helene Curtis, is looking to ramp up male grooming segment by unleashing new variants of shampoos and deodorants.
- In October 2020, Aditya Birla Fashion and Retail Limited approved issuance of equity shares on a preferential basis to Flipkart Investments Private Limited aggregating to Rs. 1500 crore (US\$ 203.66 million). The company also entered into a commercial agreement in relation to the sale and distribution of its various brands.
- In May 2020, the Ministry of Textiles urged textile entrepreneurs to reorient themselves and diversify their manufacturing skills to suit the global demand amid the coronavirus pandemic

Source: Annual Reports, Company Presentations, News Articles

Notable trends in the Textiles sector... (3/4)

7

R&D

- Defence Research and Development Organisation (DRDO) is helping the Indian textile industry to produce yarns and eliminate dependence on import of Chinese and other foreign clothing for military uniforms.
- On February 04, 2021, the South India Textile Research Association (SITRA) inaugurated a laboratory at the South India Spinners' Association (SISPA), in Coimbatore, to test cotton and yarn.

8

Focus on high growth domestic markets

- In 2019, Synthetic and Rayon Textile Export Promotion Council (SRTEPC) organised a roadshow in collaboration with the Indian Mission.
- The Government of India has increased the basic custom duty to 20% from 10% on 501 textile products to boost Make in India and indigenous production.
- Gorakhpur is on track to become a major garment manufacturing centre, boosting the economy in eastern Uttar Pradesh. The Gorakhpur Industrial Development Authority (GIDA) will provide four acres of land for construction of a flattened factory and will enable accessible to entrepreneurs.

9

Focus on backward integration

- On July 17, 2020, Khadi and Village Industries Commission (KVIC) inaugurated the first-of-its-kind footwear training center in Delhi to train the marginalized community of leather artisans.
- In August 2019, Ministry of Textiles signed MoUs with 16 state governments to impart skill training and covering the entire value chain of the textiles sector except spinning and weaving.

Source: Annual Reports, Company Presentations, News Articles

Notable trends in the Textiles sector... (4/4)

10

Focus on forward integration

- In October 2019, Asahi Songwon Colors Limited entered into joint venture (JV) with Tennants Textile Colours (TTC) Limited to set up a state-of-the-art red and yellow pigments plant.
- On July 10, 2020, Flipkart Group bought a minority stake in Arvind Youth Brands, a subsidiary of Arvind Fashions Ltd. (AFL), for Rs. 260 crore (US\$ 36.88 million).

11

Scaling-up organic cotton industry

- Despite being the world's largest producer of cotton, only 2% of the total amount of cotton produced in India is organic.
- In March 2021, Inditex partnered with DBS Bank in Singapore to launch a pilot programme, which will finance >2,000 Indian farmers to grow/produce organic cotton. DBS will leverage the network of local Farmer Producer Organisations (FPOs) to reach >2,000 farmers in Inditex's supply chain to evaluate their financing needs.

12

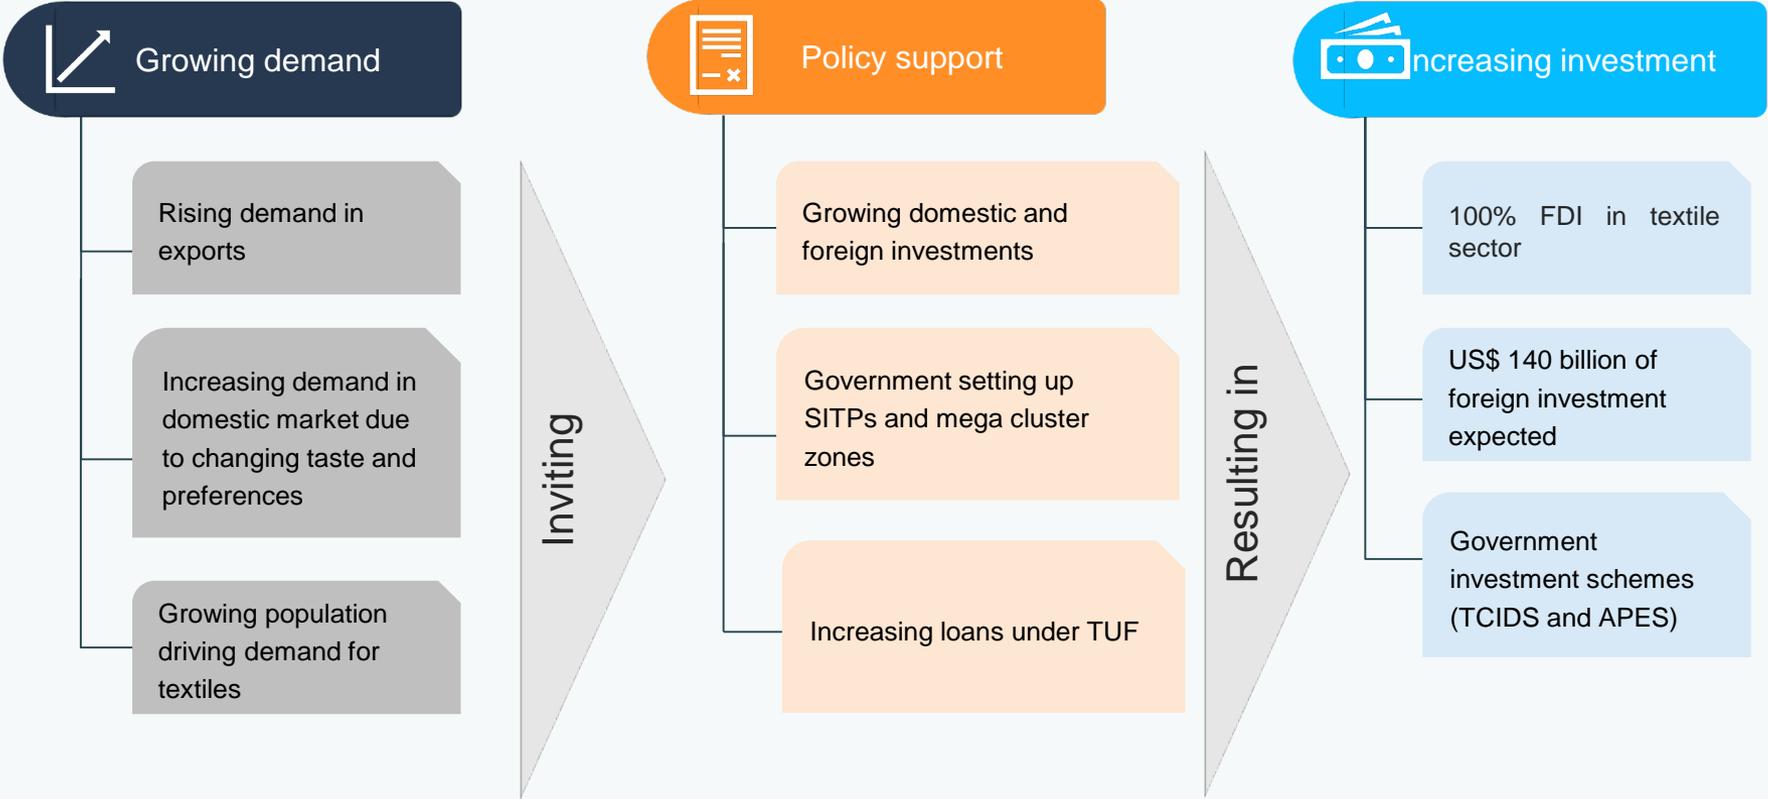

Strengthening plant workforce

- In March 2021, BRFL Textiles Private Limited (BTPL) increased its workforce from 1,300 to >2,000 employees, within two months of raising private equity funding. The company plans to achieve an annual production capacity of 144 million metres (400,000 metres per day).

Rising incomes and a growing middle-class have been key demand drivers

- Rising income has been a key determinant of domestic demand for the sector; with income rising in the rural economy as well. The upward push on demand from rising income is set to continue.
- Rising industrial activity would support the growth in per capita income.

Source: IMF, McKinsey Global Institute

Exporters gaining from strong global demand

- India is the world's second-largest textile exporter. Capacity built over years has led to low cost of production per unit in India's textile industry. This has lent a strong competitive advantage to country's textile exporters over key global peers.
- The strong performance of textile export is reflected in the value of export from the sector over these years. Textile export increased to US\$ 38.70 billion in FY19 at a CAGR of 4.22% over FY16. It reached US\$ 26.08 billion in FY21**.
- In the coming decade, Africa and Latin America could very well turn out to be the key markets for Indian textiles.
- On September 2, 2020, the Union Cabinet approved signing of an MOU between textile committee, India and M/s Nissenken Quality Evaluation Centre, Japan, for improving quality and testing Indian textiles and clothing for the Japanese market. This India-Japan pact on cooperation in textiles will facilitate Indian exporters to meet the requirements of Japanese importers as per the latter's technical regulations.
- In March 2021, The Ministry of Textiles favoured limited deal for the India-UK free trade agreement that could boost the garments sector.
 - In 2020-21, the UK is India's fourteenth largest trading partner, accounting for US\$ 8.7 billion in exports and US\$ 6.7 billion in imports.
 - Under the proposed trade agreement, the Textile Ministry expects more market access for the Indian textiles and clothing sector in order to achieve its full potential.

Note: ^- between April- November 2019, *CAGR upto 2018-19

**Growing textile and clothing export from India
(US\$ billion)**

**Until February 2021, imports include textile yarn fabric, made-up articles; exports include RMG of all textiles, cotton yarn/fabs./made-ups/handloom products, man-made yarn/fabs./made-ups, handicrafts excl. handmade carpets, carpets, jute mfg. including floor coverings

Textile SEZs in India

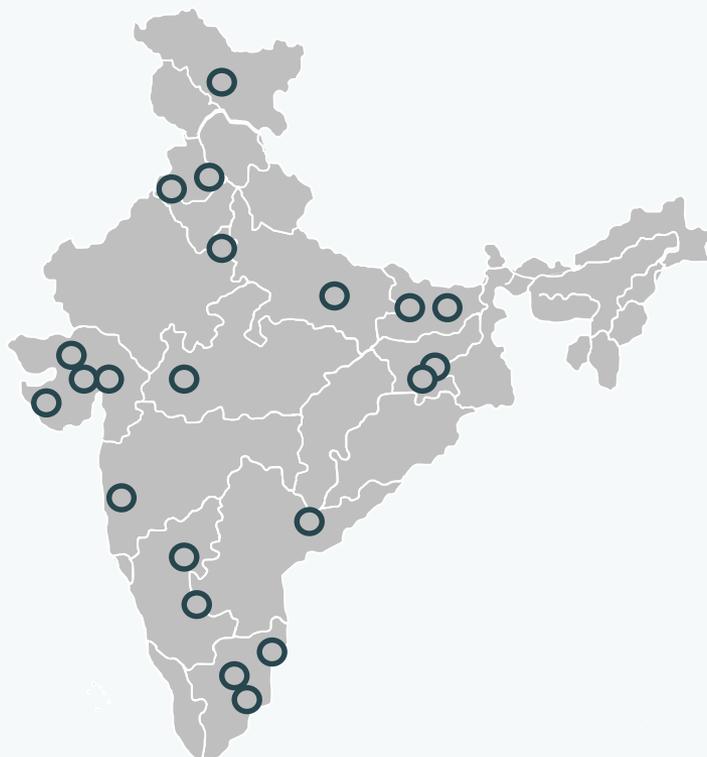

- As of September 30, 2020, India had seven exporting SEZs for textiles, apparel and wool.

Name of SEZ and status	State	Area (hectares)	Sector	Details
Mahindra City SEZ (Functional)	Tamil Nadu	607.1	Apparel and fashion accessories	Mahindra City is India's first integrated business city, divided into business and lifestyle zones. It is a cluster of 3 sector specific SEZs in Tamil Nadu, for apparels and fashion accessories; IT and hardware; and auto ancillary. The business zone provides plug-n-play working spaces. This zone comprises a SEZ (primarily for exporters) and Domestic Tariff Area (DTA) for companies targeting domestic market.
Surat Apparel Park (Functional)	Gujarat	56.0	Textiles	Key industrial units include Safari Exports, Venus Garments, Benchmark Clothings, P. K. International, Tormal Prints, J.R. Fashion and Ganga Export.
Brandix India Apparel City (BIAC) (Functional)	Andhra Pradesh	404.7	Textiles	BIAC is an integrated apparel supply chain city, managed by Brandix Lanka Ltd. It aims to be a end-to-end apparel solution provider.
(KIADB) (Functional)	Karnataka	16,129.0	Several sectors	Karnataka Industrial Areas Development Board (KIADB) is a wholly owned infrastructure agency of Government of Karnataka. Till date, KIADB has formed 132 industrial areas spread all over the state.

Note: SEZ - Special Economic Zone

Key textiles and apparel zones in India

- **North:** Kashmir, Ludhiana and Panipat account for 80% of woollens in India

- **West:** Ahmedabad, Mumbai, Surat, Rajkot, Indore and Vadodara are the key places for cotton industry

- **East:** Bihar for jute, parts of Uttar Pradesh for woollen and Bengal for cotton and jute industry

- **South:** Tirupur, Coimbatore and Madurai for hosiery.
- Bengaluru, Mysore and Chennai for silk

○ Major textile and apparel zones

Policy support has been a key ingredient to growth... (1/3)

Amended Technology Up-gradation Fund Scheme (A-TUFS)

- Investment was made to promote modernisation and up-gradation of the textile industry by providing credit at reduced rates. A subsidy of Rs. 6,717.18 crore (US\$ 952.93 million) was released under this scheme between FY16 and FY20.

National Textile Policy - 2000

- Key areas of focus include technological upgrades, enhancement of productivity, product diversification and financing arrangements.
- New draft for this policy ensures to employ 35 million by attracting foreign investment. It also focuses on establishing a modern apparel garment manufacturing centre in every state in the Northeast for which the Government has invested an amount of US\$ 3.27 million.

FDI

- Foreign direct investment (FDI) of up to 100% is allowed in the textile sector through the automatic route.

SAATHI Scheme

- The Union Ministry of Textiles, Government of India, along with Energy Efficiency Services Ltd. (EESL), has launched a technology upgradation scheme called SAATHI (Sustainable and Accelerated Adoption of Efficient Textile Technologies to Help Small Industries) for reviving the power loom sector of India.

Merchandise Exports from India Scheme

- The Directorate General of Foreign Trade (DGFT) has revised rates for incentives under the Merchandise Exports from India Scheme (MEIS) for two subsectors of textiles Industry - readymade garments and made-ups - from 2% to 4%.

Source: Press Releases

Policy support has been a key ingredient to growth... (2/3)

Scheme for Capacity Building in Textiles Sector (SCBTS)

- The Cabinet Committee on Economic Affairs (CCEA), Government of India, has approved a new skill development scheme called 'Scheme for Capacity Building in Textile Sector (SCBTS)' with an outlay of Rs. 1,300 crore (US\$ 202.9 million) from FY18 to FY20.
- The scheme is aimed at providing a demand driven and placement-oriented skilling programme to create jobs in the organised textile sector and to promote skilling and skill up-gradation in the traditional sectors.

Textile Incentives

- The Textile Ministry of India earmarked Rs. 690 crore (US\$ 106.58 million) for setting up 21 readymade garment manufacturing units in seven states for development and modernisation of Indian Textile Sector.

Government Incentives

- The Government of India announced a special package to boost export by US\$ 31 billion, create one crore jobs and attract investment worth Rs. 800.00 billion (US\$ 11.93 billion) during 2018-2020.
- The Government of India has taken several measures including A-TUFS. The scheme is estimated to create employment for 3.5 million people and enable investment worth Rs. 950.00 billion (US\$ 14.17 billion) by 2022.
- The Ministry of Textiles announced outlay of Rs. 690 crore (US\$ 106.58 million) for setting up 21 readymade garment manufacturing units in seven states for development and modernisation of Indian textile sector.
- In August 2020, the Department of Promotion of Industry and Internal Trade (DPIIT) proposed incentives for the textiles sector for product diversification of the top 40 apparel and home textile goods and the top 10 technical textile goods that are traded globally. The long-term suggestion is to have an Rs. 40,000 crore (US\$ 5.47 billion) textile fund to encourage investments in the identified textile segments. The proposal is also to build coastal mega textile parks with plug and play facilities. Moreover, suggestions are also made to bring direct benefit transfer for cotton farmers—a move also suggested by the government think tank NITI Aayog.

Policy support has been a key ingredient to growth... (3/3)

SAMARTH

- In 2019, Ministry of Textiles signed a pact with sixteen states for skilling around 400,000 workers under the SAMARTH scheme.
- Six additional courses were added for technical textiles in its skill development programme.

Production-Linked Incentive Scheme

- Under this scheme, incentives will be provided to manufacture and export specific textile products made of man-made fibres.
- The government approved Rs. 10,683 crore (US\$ 1.44 billion) for man-made fibre and technical textiles.

Mega Integrated Textile Region and Apparel (MITRA) Parks Scheme

- Under Union Budget 2021-22, Finance Minister Ms. Nirmala Sitharaman launched a Mega Integrated Textile Region and Apparel (MITRA) Park scheme to establish seven textile parks with state-of-the-art infrastructure, common utilities and R&D lab over a three-year period.
 - Under Union Budget 2021-22, the Telangana government has been allocated funds for setting up the Kakatiya Mega Textile Park (KMTP) at an estimated cost of Rs. 1,552 crore (US\$ 212 million).
 - On March 03, 2021, the Gujarat government announced to set up two mega textile parks to enable forward and backward integration in the sector.

Government Announcements

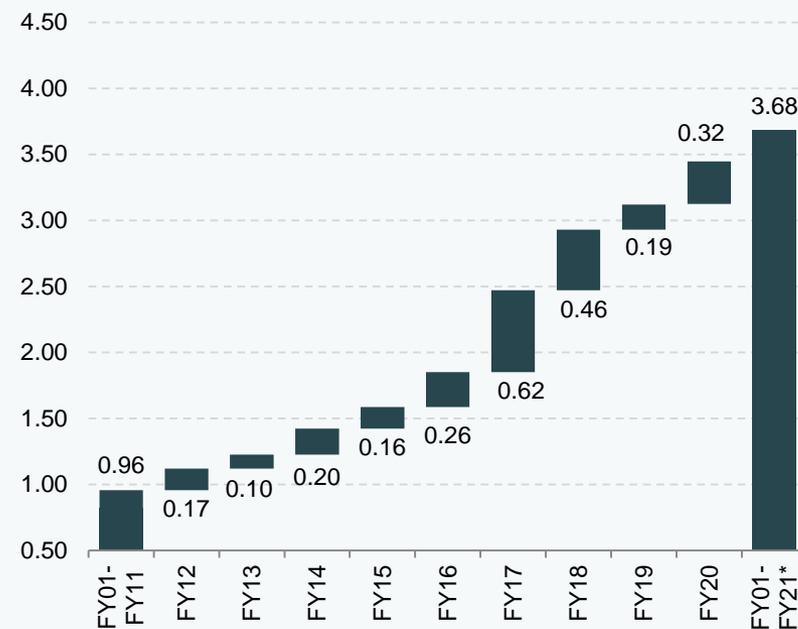

- In March 2021, under the ongoing sub-mission on agroforestry (SMAF) scheme, the Ministry of Agriculture and Farmers Welfare signed a memorandum of understanding (MoU) with the Central Silk Board, under the Ministry of Textiles, on a convergence model to implement agroforestry in the silk sector.
- In March 2021, toys were identified as one of the 24 primary sectors listed under the self-reliant India initiative. The Department for Promotion of Industry and Internal Trade (DPIIT) has developed a 'National Action Plan' for toys that calls on several central ministries, including textiles, MSME, I&B, Education, DPIIT (under the Ministry of Commerce) and other departments, to nurture and promote the industry.

Source: Press Releases

Foreign investment flowing into the sector

- 100% FDI is permitted in the sector. Cumulative FDI inflows in the textiles sector stood at >US\$ 3.68 billion between April 2000 and December 2020.
- The textiles industry in India is experiencing a significant increase in collaboration between global majors and domestic companies.
- International apparel giants like Hugo Boss, Liz Claiborne, Diesel and Kanz, have already started operations in India.

FDI in textiles (including dyed, printed) sector (US\$ billion)

Opportunities

OPPORTUNITIES

1

Immense growth potential

- The Indian textile industry is set for strong growth, buoyed by both strong domestic consumption as well as export demand.
- The sector is expected to reach US\$ 226 billion by FY23.
- Urbanisation is expected to support higher growth due to change in fashion and trends.

2

Private sector participation in silk production

- The Central Silk Board sets target for raw silk production and encourages farmers and private players to grow silk.
- To achieve these targets, alliances with the private sector, especially major agro-based industries in pre-cocoon and post-cocoon segments, are being encouraged.
- The total raw silk production increased by 1% (35,820 MT) in FY20 over the previous year FY19 (35,468 MT) despite COVID-19.

3

Proposed FDI in multi-brand retail

- For the textile industry, the proposed hike in FDI limit in multi-brand retail will bring in more players, thereby providing more options to consumers.
- It will also bring in greater investment along the entire value chain - from agricultural production to final manufactured goods.
- With global retail brands assured of a domestic foothold, outsourcing will also rise significantly.

Source: News Articles

4

Union Budget 2020-21

- Under Union Budget 2020-21, the Government has allocated around Rs. 3,515 crore (US\$ 502.93 million) to the Ministry of Textiles.
- Rs. 223 crore (US\$ 31.91 million) is allocated to Textile Infrastructure.
- Rs. 761.90 crore (US\$ 109.01 million) is allocated for A-TUFS.
- Rs. 159.08 crore (US\$ 22.76 million) allocated towards schemes for powerloom units.
- Rs. 80 crore (US\$ 11.45 million) allocated for scheme targeted towards Integrated Textile Parks.
- The National Handloom Development Programme will get Rs. 388.21 crore (US\$ 55.55 million) and the Integrated Processing Development Scheme will get Rs. 50 crore (US\$ 7.15 million).

5

Union Budget 2021-22 highlights

- Under Union Budget 2021-22, the Government of India allocated ~Rs. 3,631.64 crore (US\$ 497.70 million) to the Ministry of Textiles
- Positive measures in the budget 2021-22 for textile sector are as follows:
 - Mega Investment Textiles Park (MITRA) scheme, in addition to production-linked incentive (PLI) scheme, to establish seven textile parks over a three-year period.
 - Uniform reduction of basic customs duty (BCD) rates to 5% on caprolactam, nylon chips and nylon fibre & yarn to spur textile industry, MSMEs and exports.
 - Customs duty on cotton from 0 to 10% and on raw silk and silk yarn from 10% to 15% to benefit domestic cotton and silk growers.

Centers of Excellence (CoE) for research and technical training

- The CoEs are aimed at creating testing and evaluation facilities as well as developing resource centres and training facilities.
- Existing 4 CoEs, BTRA for Geotech, SITRA for Meditech, NITRA for Protech and SASMIRA for Agrotech, would be upgraded in terms of development of incubation centre and support for development of prototypes.
- Fund support would be provided for appointing experts to develop these facilities.

7

Foreign investments

- The Government is taking initiatives to attract foreign investment in the textile sector through promotional visits to countries such as Japan, Germany, Italy and France.
- According to the new Draft of the National Textile Policy, the Government is planning to attract foreign investment and creating employment opportunities for 35 million people.
- FDI inflow in textiles sector, inclusive of dyed and printed textile, stood at US\$ 3.68 billion between April 2000 and December 2020.
- In December 2019, online clothing brand, Henry & Smith, raised US\$ 1 million from WEH Ventures and Rukam Capital.
- India can become the one-stop sourcing destination for companies from Association of Southeast Asian Nations (ASEAN) as there exist several opportunities for textile manufacturing companies from 10-nation bloc to invest in India.

8

Bilateral relations

- In March 2021, Pakistan approved reinstatement of cotton and sugar imports from India, indicating softening of bilateral relations.
