Executive summary

- India is the world’s second-largest producer of textiles and garments. It is also the fifth-largest exporter of textiles spanning apparel, home and technical products.
- The textiles and apparel industry contributes 2.3% to the country’s GDP, 13% to industrial production and 12% to exports.
- The textile industry has around 45 million of workers employed in textiles sector, including 3.5 million handloom workers.
- India’s textile and apparel exports stood at US$ 30.4 billion in FY21. COVID-19 has impacted the Indian textile and apparel exports and the total exports is expected to reach US$ 65 billion by FY26.
- The Indian textile and apparel industry is expected to grow to US$ 190 billion by FY26.
- The Indian apparel market was US$ 40 billion in 2020 and is expected to reach US$ 135 billion by 2025.
- India is working on major initiatives to boost its technical textile industry. Owing to the pandemic, the demand for technical textiles in the form of PPE suits and equipment is on the rise. The government is supporting the sector through funding and machinery sponsoring.
- The Rs. 10,683 crore (US$ 1.44 billion) PLI scheme is expected to be a major booster for the textile manufacturers. The scheme proposes to incentivise MMF (man-made fibre) apparel, MMF fabrics and 10 segments of technical textiles products.

Advantage India

1. Competitive Advantage

► Abundant availability of raw materials such as cotton, wool, silk, and jute.
► India enjoys a comparative advantage in terms of skilled manpower and in cost of production relative to major textile producers.
► In March 2021, Minister of Textiles Smriti Irani announced that India will be fully self-reliant in silk production in the next two years.

2. Policy Support

► 100% FDI (automatic route) is allowed in the Indian textile sector.
► Under Union Budget 2020-21, a National Technical Textiles Mission is proposed for a period from 2020-21 to 2023-24 at an estimated outlay of Rs. 1,480 crore (US$ 211.76 million).
► In October 2021, the government approved a scheme worth Rs. 4,445 crore (US$ 594.26 million) to establish seven integrated mega textile parks and boost textile manufacturing in the country.

3. Increasing Investments

► In order to attract private equity (PE) and employee more people, Government introduced various scheme such as Scheme for Integrated Textile Parks (SITP), Technology Upgradation Fund Scheme (TUFS) and Mega Integrated Textile Region and Apparel (MITRA) Park scheme.
► Industrial Entrepreneur Memorandum (IEMS) filed in textiles industry stood at 15 of worth Rs. 1,241 crore (US$ 176.05 million) in January 2020.

4. Robust Demand

► The Indian technical textiles market is expected to expand to US$ 23.3 billion by 2027, driven by increased awareness of goods and higher disposable incomes.
► Cotton production in India is projected to reach 7.2 million tonnes (~43 million bales of 170 kg each) by 2030, driven by increasing demand from consumers.
► Between April 2021 and September 2021, handicraft exports from India stood at Rs. 15,995.73 crore (US$ 2.13 billion), a 60.34% YoY rise due to increased participation from industry players to boost handicraft products in global markets.

Market Overview
Evolution of the Indian textile sector

- The first cotton textile mill of Mumbai was established in 1854
- The first cotton mill of Ahmedabad was found in 1861; it emerged as a rival centre to Mumbai
- Number of mills increased from 178 in 1901 to 417 in 1945
- Out of 423 textile mills of the undivided India, India received 409 after partition and the remaining 14 went to Pakistan
- In 1999, TUFS was set up to provide easy access to capital for technological upgradation
- TMC was launched to address issues related to low productivity and infrastructure
- In 2000, NTP was announced for the overall development of the textile and apparel industry
- SITP was implemented to facilitate setting up of textile units with appropriate support infrastructure
- After MFA cotton prices are aligned with global prices. Technical textile industry will be a new growth avenue
- Free trade agreement with ASEAN countries and proposed agreement with EU under discussion
- Restructured TUFS was launched attracting a subsidy cap of US$ 420.65 Million
- Make in India campaign was launched to attract manufacturers and FDI
- Technology Mission for Technical Textile has been continued
- Under Union Budget 2021-22, the Government of India allocated ~Rs. 3,631.64 crore (US$ 497.70 million) to the Ministry of Textiles
- The Mega Integrated Textile Region and Apparel (MITRA) Park’ scheme was launched to establish seven textile parks with state-of-the-art infrastructure, common utilities and R&D lab over a three-year period.

Note: NTP - National Textile Policy; ASEAN - Association of Southeast Asian Nations, TUFS - Technology Upgradation Fund Scheme; TMC Technology Mission on Cotton, EU - European Union

Key facts

- The fundamental strength of the textile industry in India is its strong production base of wide range of fibre/yarns from natural fibres like cotton, jute, silk and wool to synthetic/man-made fibres like polyester, viscose, nylon and acrylic.
- India’s textiles industry contributed 7% to the industry output (by value) in 2018-19.
- The Indian textiles and apparel industry contributed 2% to the GDP, 12% to export earnings and held 5% of the global trade in textiles and apparel in 2018-19.

Key segments of the textile industry

- Raw material
- Ginning
- Spinning
- Weaving/knitting
- Processing
- Garment/apparel production

- Cotton, jute, silk, wool
- Fibre
- Yarn
- Fabric
- Processed fabric
- Final garment/apparel

Yarn and fibre segment

- Woollen textiles
- Silk textiles
- Jute textiles
- Technical textiles

Source: Textile Ministry, Make in India
The sector has been posting strong growth over the years

- The size of India’s textile market is expected to touch US$ 223 billion by 2021, growing at a CAGR of 10.23% over 2016.
- Indian apparel market is expected to reach US$ 85 billion by 2021.
- India’s textile and apparel exports to the US, its single largest market, were up 55% in the first seven months of 2021.
- In April 2021, Union Minister Smriti Irani has assured strong support from the Textile Ministry to reduce the industry’s dependence on imported machine tools by partnering with engineering organisations for machinery production.
- In September 2021, the government approved the Rs. 10,683 crore (US$ 1.44 billion) production-linked incentive (PLI) scheme for the textiles sector. This will benefit the textile manufacturers registered in India.
- Incentives under the scheme will be available for five years from 2025-26 to 2029-30 on incremental turnover achieved from 2024-25 to 2028-29. The scheme proposes to incentivise MMF (man-made fibre) apparel, MMF fabrics and 10 segments of technical textiles products.

**Note:** F - Forecasted  
**Source:** Make in India, News Articles, Ministry of Textiles
India is the world's largest producer of cotton. Production grew from 30.0 million bales in FY16 to 37.10 million bales in FY21*.

Cotton consumption is expected to reach 114 million bales in FY21—13% growth over the previous year.

Cotton and fibres are the two major segments in this category. Production of man-made fibre has also been on an upward trend.

In FY19, the production of fibre in India stood at 1.44 million tonnes, which reached 2.40 million tonnes in FY21 (until January 2021).

In CY2020, Cotton Corporation of India made a record procurement of ~151 lakh bales under MSP operations, which is ~290% higher than 38.43 lakh bales procured during the corresponding period last year.

*Source: The Cotton Corporation of India Ltd, BusinessLine, Department of Agriculture Cooperation & Farmers Welfare
Cotton is the major segment in yarn and fabric

- Production of yarn grew to 5,890 million kgs in FY19 from 5,665 million kgs in FY16.
- Cotton yarn, a major segment in FY20^, accounted for more than 54% share in yarn production.
- In March 2021, Natco Pharma announced its expansion into pheromone-based technology in order to provide Indian farmers with an integrated pest control solution. The company is planning to introduce its first green-label pheromone product to control ‘pink bollworm’ in cotton fields. For the pheromone-based mating disruption technology, its Crop Health Science (CHS) division will collaborate with ATGC Biotech Pvt. Ltd. (ATGC).

**Note:** P - Provisional, ^ - Until January 2020

**Source:** Ministry of Textiles
Export have posted strong growth over the years

- Exports of textiles (RMG of all textiles, cotton yarn/fabs./made-ups/handloom products, man-made yarn/fabs./made-ups/handloom products, man-made yarn/fabs./made-ups, handicrafts excl. handmade carpets, carpets and jute mfg. including floor coverings) stood at US$ 19.4 billion, between April 2021 and September 2021.

- In April 2021, RSWM Limited, flagship company of the US$ 1.2 billion LNJ Bhilwara Group, has been recognised for achieving the highest textile export turnover in 2020 by the Ministry of Industries & CSR, Government of Rajasthan.

- In July 2021, the government extended the Rebate of State and Central Taxes and Levies (RoSCTL) scheme for exports of apparel/garments and made-ups until March 2021. This will help boost exports and enhance competitiveness in the labour-intensive textiles sector.

- In August 2021, Union Minister of Textiles, Commerce and Industry, Consumer Affairs & Food and Public Distribution, Mr. Piyush Goyal said that steps need to be taken to boost production capacities of handloom sector from existing Rs. 60,000 crore (US$ 8.06 billion) to 125,000 crore (US$ 16.80 billion) in three years. He added that target must be set to increase exports of handloom items from existing Rs. 2,500 crore (US$ 335.92 million) to Rs. 10,000 crore (US$ 1.34 billion) in three years. He also announced that a committee will be constituted consisting of all weavers, trainer equipment makers, marketing experts and other stake holders to recommend ways and means to achieve these objectives and enhance overall progress of the handloom sector.

Note: P - Provisional, * - until November 2019 ** - Export for FY21 and Imports until February 2021, RMG – Readymade Garments; imports include textile yarn fabric and made-up articles; Exports include RMG of all textiles, cotton yarn/fabs./made-ups/handloom products, man-made yarn/fabs./made-ups, handicrafts excl. handmade carpets, carpets, jute mfg. including floor coverings

Source: Ministry of Textiles
India’s home textile industry is expected to expand at a CAGR of 8.3% during 2014-21 and reach US$ 8.2 billion in 2021 from US$ 4.7 billion in 2014.

India accounts for 7% of the global home textiles trade. The growth in the home textiles is driven by growing household income, increasing population and growth of end use sectors like housing, hospitality, healthcare, etc.

India’s home textile exports increased at a healthy rate of 9% in FY21, despite the pandemic.

Indian textile players have undertaken various initiatives to boost textile sales

- In May 2021, Indo Count Industries Ltd. (ICIL), announced an investment of Rs. 200 crore (US$ 26.9 million) to expand its production capacity.

- For FY22, Welspun India has set aside Rs. 600 crore (US$ 80.62 million) for capital expenditure to complete expansion projects in its flooring, advanced textile and home textile business verticals.

- In April 2021, Bella Casa Fashion & Retail Ltd. (BCFRL), announced that it is expanding the two existing plants and adding one new facility to offer employment opportunities to 1,000 people. The expansion would involve a total investment of Rs. 65 crore (US$ 8.63 million).

Companies in home textile are using technology to optimise the value chain. For example, in October 2021, Welspun India introduced Wel-Trak 2.0—an upgraded, patented end-to-end traceability technology—to track textile raw materials throughout the supply chain.

Home textile companies in India are also leveraging strategic partnerships to strengthen their business operations and foothold in the country.

In October 2021, Welspun India collaborated with DuPont Biomaterials to introduce a home textile range and strengthen the company’s sustainable textiles business.
Technical textile industry - a new arena of growth

- Technical textile industries major service offerings include thermal protection and blood-absorbing materials, seatbelts and adhesive tapes. Healthcare and infrastructure sectors are major drivers of the technical textile industry.

- The Government has assigned 207 Harmonized System Nomenclature (HSN) to promote India’s technical textile industry. As of 2019, 348 technical textiles products were developed according to Bureau of Indian Standards (BIS).

- The industry, supported by various flagship schemes initiated by the Government, is forecast to grow 20% y-o-y and is expected to reach Rs. 200,823 crore (US$ 29.96 billion) by FY21.

- Government introduced six additional courses for technical textiles in its skill development programme called Samarth.

- In April, while addressing a webinar organised by the Swarajya Magazine in association with Vedanta Resources, Union Textiles Minister Smriti Zubin Irani outlined her vision for India’s technical textiles industry under the Atmanirbhar Bharat Abhiyan.

- The production-linked incentive (PLI) scheme for man-made fibre and technical textiles will help boost manufacturing, increase exports and attract investments into the sector.

- Techtextil India, a trade fair focused on technical textiles, non-wovens and composites will be held from 25th to 27th November 2021 in Mumbai. Tamil Nadu government signed up for Techtextil India 2021 to strengthen indigenous textile production and attract textile investments into the state. The state government will be promoting technical textile policies through both physical and virtual segments of the hybrid fair organised by the Messe Frankfurt Trade Fairs India.

Recent Trends and Strategies
Steady recovery in textile manufacturing to aid growth

- Textile manufacturing in India has been steadily recovering amid the pandemic.
- The size of India’s textile industry is expected to touch US$ 223 billion market by 2021.
- The seven mega textile parks announced in the budget should attract investments.
- While the government is working towards upliftment of technical and MMF textile companies by upscaling its infrastructure, it is also interesting to note that textile will be added to the educational curriculum in the near future.
- In April 2021, India’s ministry of textiles announced that the National Institute of Fashion Technology (NIFT) will work towards introducing technical textiles as an academic subject in the near future.
- The pandemic brought some opportunities for the sector due to rise in PPE products. Union Minister Smriti Irani has pointed out that about 1,100 companies make PPEs in India now compared with none before the pandemic.
- In September 2021, Trade and Textiles Minister Mr. Piyush Goyal urged state governments to help businesses get land, power and other utilities at attractive rates to set up mega textile parks.

Note: Index of Industrial Production (IIP) is a composite indicator of the changes in the volume of production in a chosen base period (say 2011-2012).
Source: Ministry of Statistics and Program Implementation
Textile Parks

- Since 2014, 59 textile park projects have been sanctioned under SITP and PPP with 40% Government assistance of up to Rs. 40 crore (US$ 6 million). Of these, 24 textile parks are operational, as of July 2021.

- Under Union Budget 2021-22, Finance Minister Nirmala Sitharaman launched a ‘Mega Integrated Textile Region and Apparel (MITRA) Park’ scheme to establish seven textile parks with state-of-the-art infrastructure, common utilities and R&D lab over a three-year period.
  - Under Union Budget 2021-22, the Telangana government has been allocated funds for setting up the Kakatiya Mega Textile Park (KMTP) at an estimated cost of Rs. 1,552 crore (US$ 212 million).
  - In March 2021, the Gujrat government announced to set up two mega textile parks to enable forward and backward integration in the sector. In the same month, the state-run Odisha Industrial Infrastructure Development Corporation (IDCO) and Indian Oil Corporation Limited (IOCL) signed an MoU to establish a plastic park in Paradip, Odisha.

Incubation in apparel manufacturing

- The objective here has been to promote entrepreneurs in apparel manufacturing by providing them an integrated workspace and reducing operational and financial cost for establishing and growing a new business.

- As of July 2019, three projects were sanctioned by the Government, one each in Madhya Pradesh, Odisha and Haryana.

Notable trends in the Textiles sector… (2/5)

3

Technical textiles

- Increased awareness of goods, higher disposable incomes, changing customer patterns and some sector-specific growth drivers are estimated to bolster the Indian technical textiles market to US$ 23.3 billion in 2027, up from US$ 14 billion in 2020 in Asia-Pacific.
- The technical textiles market for automotive textiles is projected to increase to US$ 3.7 billion by 2027, from US$ 2.4 billion in 2020. Similarly, the industrial textiles market is likely to increase at an 8% CAGR from US$ 2 billion in 2020 to US$ 3.3 billion in 2027.

4

Public Private Partnership (PPP)

- The Ministry of Textiles commenced an initiative to establish institutes under PPP to encourage private sector participation in the development of the industry.
- In August 2021, Flipkart and Himachal Pradesh State Handicrafts and Handloom Corporation Ltd. (HPSHHCL) signed a memorandum of understanding (MoU) to help the state’s master craftsmen, weavers and artisans showcase their hallmark products on e-commerce platforms.

5

Promotion of khadi

- In January 2021, the Indo–Tibetan Border Police (ITBP) signed an MoU with Khadi and Village Industries Commission (KVIC) for supplying 1.72 lakh cotton khadi durries every year for the Central Armed Police Forces (CAPF).
- In August 2020, KVIC inaugurated first Training cum Production Center of Silk in the tribal village of Chullyu in Arunachal Pradesh
- In June 2021, KVIC recorded a 7.71% growth in gross annual turnover to Rs. 95,741.74 crore (US$ 12.85 billion) from Rs. 88,887 crore (US$ 11.93 billion) in FY20.

Source: Annual Reports, Company Presentations, News Articles
Notable trends in the Textiles sector… (3/5)

6 Diversification

- Raymond group under its group company, J.K.Helene Curtis, is looking to ramp up male grooming segment by unleashing new variants of shampoos and deodorants.
- In October 2020, Aditya Birla Fashion and Retail Limited approved issuance of equity shares on a preferential basis to Flipkart Investments Private Limited aggregating to Rs. 1500 crore (US$ 203.66 million). The company also entered into a commercial agreement in relation to the sale and distribution of its various brands.

7 R&D

- Defence Research and Development Organisation (DRDO) is helping the Indian textile industry to produce yarns and eliminate dependence on import of Chinese and other foreign clothing for military uniforms.
- In October 2021, IIT Delhi converted the SMITA Research Lab Centre of Excellence in smart textiles to work on emerging materials and technologies. This step was taken to innovate the country’s textile industry.
- On February 04, 2021, the South India Textile Research Association (SITRA) inaugurated a laboratory at the South India Spinners’ Association (SISPA), in Coimbatore, to test cotton and yarn.

Source: Annual Reports, Company Presentations, News Articles
Focus on high growth domestic markets

- In 2019, Synthetic and Rayon Textile Export Promotion Council (SRTEPC) organised a roadshow in collaboration with the Indian Mission.
- The Government of India has increased the basic custom duty to 20% from 10% on 501 textile products to boost Make in India and indigenous production.
- Gorakhpur is on track to become a major garment manufacturing centre, boosting the economy in eastern Uttar Pradesh. The Gorakhpur Industrial Development Authority (GIDA) will provide four acres of land for construction of a flattened factory and will enable accessible to entrepreneurs.

Focus on backward integration

- On July 17, 2020, Khadi and Village Industries Commission (KVIC) inaugurated the first-of-its-kind footwear training center in Delhi to train the marginalized community of leather artisans.
- In August 2019, Ministry of Textiles signed MoUs with 16 state governments to impart skill training and covering the entire value chain of the textiles sector except spinning and weaving.

Focus on forward integration

- In October 2019, Asahi Songwon Colors Limited entered into joint venture (JV) with Tennants Textile Colours (TTC) Limited to set up a state-of-the-art red and yellow pigments plant.
- On July 10, 2020, Flipkart Group bought a minority stake in Arvind Youth Brands, a subsidiary of Arvind Fashions Ltd. (AFL), for Rs. 260 crore (US$ 36.88 million).

Source: Annual Reports, Company Presentations, News Articles
Notable trends in the Textiles sector… (5/5)

Scaling-up organic cotton industry

- Despite being the world’s largest producer of cotton, only 2% of the total amount of cotton produced in India is organic.
- In March 2021, Inditex partnered with DBS Bank in Singapore to launch a pilot programme, which will finance >2,000 Indian farmers to grow/produce organic cotton. DBS will leverage the network of local Farmer Producer Organisations (FPOs) to reach >2,000 farmers in Inditex’s supply chain to evaluate their financing needs.

Innovations to create sustainable textiles

- Many Indian textile players are now opting for sustainable production. BRFL Textiles Private Limited (BTPL), India’s largest fabric processing facility, has introducing a new sulphur dyeing process involving continuous dyeing without requiring water. BTPL is the first company in the textile sector to implement this new process of dyeing, making it the pioneer of this innovative sustainable process.
- Another leading Indian chemical & textile company, GHCL, launched fashion bedding called Erthology that uses decomposable CVC fabrics made from renewable resources and vegetable dyes.

Strong fundamentals and policy support aiding growth

Growing demand
- Rising demand in exports
- Increasing demand in domestic market due to changing taste and preferences
- Growing population driving demand for textiles

Policy support
- Growing domestic and foreign investments
- Government setting up SITPs and mega cluster zones
- Increasing loans under TUF

Increasing investment
- 100% FDI in textile sector
- US$ 140 billion of foreign investment expected
- Government investment schemes (TCIDS and APES)

Note: TCIDS - Textile Center Infrastructure Development Scheme, APES - Apparel Park for Exports Scheme
Source: Ministry of Textiles
Rising incomes and a growing middle-class drive the demand

Rising income has been a key determinant of domestic demand for the sector; with income rising in the rural economy as well. The upward push on demand from rising income is set to continue.

Rising industrial activity would support the growth in per capita income.

Source: IMF, Mckinsey Global Institute; ***- 1st Advance Estimate
Exporters gaining from strong global demand

- India is the world’s second-largest textile exporter. Capacity built over years has led to low cost of production per unit in India’s textile industry. This has lent a strong competitive advantage to country’s textile exporters over key global peers.
- Textile export increased to US$ 38.70 billion in FY19 at a CAGR of 4.22% over FY16. It reached US$ 30.4 billion in FY21.
- Between January and July 2021, India exported textile products worth Rs. 1.77 lakh crore (US$ 23.84 billion), which was 52.6% more than the same period last year and 13.7% more than the pre-pandemic level of 2019.
- In June 2021, textile exports (RMG of all textiles, cotton yarn/fabs./made-ups/handloom products, man-made yarn/fabs./made-ups, handicrafts excl. handmade carpets, carpets and jute mfg. including floor coverings) stood at US$ 2.99 billion.
- In July 2021, exports of cotton yarn/fabrics/made-ups, handloom products, etc., from India increased by 50.86% in June 2021 over June 2019.
- In the coming decade, Africa and Latin America could very well turn out to be the key markets for Indian textiles.
- In March 2021, the Ministry of Textiles favoured limited deal for the India-UK free trade agreement that could boost the garments sector. Under the proposed trade agreement, the Textile Ministry expects more market access for the Indian textiles and clothing sector in order to achieve its full potential.

Note: *until July 2021

Policy support has been a key ingredient to growth… (1/4)

**Amended Technology Up-gradation Fund Scheme (A-TUFS)**
- The government allocated funds worth Rs. 17,822 crore (US$ 2.38 billion) between FY16 and FY22 for the ‘Amended Technology Up-gradation Fund Scheme’ (A-TUFS), to boost the Indian textile industry and enable ease of doing business.

**National Textile Policy - 2000**
- Key areas of focus include technological upgrades, enhancement of productivity, product diversification and financing arrangements.
- New draft for this policy ensures to employ 35 million by attracting foreign investment. It also focuses on establishing a modern apparel garment manufacturing centre in every state in the Northeast for which the Government has invested an amount of US$ 3.27 million.

**FDI**
- Foreign direct investment (FDI) of up to 100% is allowed in the textile sector through the automatic route.

**SAATHI Scheme**
- The Union Ministry of Textiles, Government of India, along with Energy Efficiency Services Ltd. (EESL), has launched a technology upgradation scheme called SAATHI (Sustainable and Accelerated Adoption of Efficient Textile Technologies to Help Small Industries) for reviving the power loom sector of India.

**Merchandise Exports from India Scheme**
- The Directorate General of Foreign Trade (DGFT) has revised rates for incentives under the Merchandise Exports from India Scheme (MEIS) for two subsectors of textiles Industry - readymade garments and made-ups - from 2% to 4%.

Policy support has been a key ingredient to growth… (2/4)

**Scheme for Capacity Building in Textiles Sector (SCBTS)**

- The Cabinet Committee on Economic Affairs (CCEA), Government of India, has approved a new skill development scheme called ‘Scheme for Capacity Building in Textile Sector (SCBTS)’ with an outlay of Rs. 1,300 crore (US$ 202.9 million) from FY18 to FY20.
- The scheme is aimed at providing a demand driven and placement-oriented skilling programme to create jobs in the organised textile sector and to promote skilling and skill up-gradation in the traditional sectors.

**Government Incentives**

- The Government of India announced a special package to boost export by US$ 31 billion, create one crore jobs and attract investment worth Rs. 800.00 billion (US$ 11.93 billion) during 2018-2020.
- The Government of India has taken several measures including A-TUFS. The scheme is estimated to create employment for 3.5 million people and enable investment worth Rs. 950.00 billion (US$ 14.17 billion) by 2022.
- The Ministry of Textiles announced outlay of Rs. 690 crore (US$ 106.58 million) for setting up 21 readymade garment manufacturing units in seven states for development and modernisation of Indian textile sector.
- In August 2020, the Department of Promotion of Industry and Internal Trade (DPIIT) proposed incentives for the textiles sector for product diversification of the top 40 apparel and home textile goods and the top 10 technical textile goods that are traded globally. The long-term suggestion is to have an Rs. 40,000 crore (US$ 5.47 billion) textile fund to encourage investments in the identified textile segments. The proposal is also to build coastal mega textile parks with plug and play facilities. Moreover, suggestions are also made to bring direct benefit transfer for cotton farmers—a move also suggested by the government think tank NITI Aayog.
- In August 2021, Minister of State (MoS), Ministry of Petroleum & Natural Gas and Labor & Employment, Mr. Rameswar Teli launched ONGC-supported Assam handloom project ‘Ujjwal Abahan’ through the virtual platform. The project will support and train >100 artisans of Bhatiapar of Sivasagar, Assam in Hathkharga handicraft.
- In October 2021, the Ministry of Textiles approved continuation of the comprehensive handicrafts cluster development scheme with a total outlay of Rs. 160 crore (US$ 21.39 million). Through this scheme, the government aims to support domestic SMEs and local artisans.

Policy support has been a key ingredient to growth... (3/4)

**Textile Incentives**

- The Textile Ministry of India earmarked Rs. 690 crore (US$ 106.58 million) for setting up 21 readymade garment manufacturing units in seven states for development and modernisation of Indian Textile Sector.

**SAMARTH**

- In 2019, Ministry of Textiles signed a pact with sixteen states for skilling around 400,000 workers under the SAMARTH scheme.
- Six additional courses were added for technical textiles in its skill development programme.
- In October 2021, the government introduced SAMARTH training at 75 training centers across the country, to accelerate the scheme’s coverage among artisans.

**Production-Linked Incentive Scheme**

- Under this scheme, incentives will be provided to manufacture and export specific textile products made of man-made fibres.
- The government approved Rs. 10,683 crore (US$ 1.44 billion) for man-made fibre and technical textiles.

**Mega Integrated Textile Region and Apparel (MITRA) Parks Scheme**

- Under Union Budget 2021-22, Finance Minister Ms. Nirmala Sitharaman launched a Mega Integrated Textile Region and Apparel (MITRA) Park scheme to establish seven textile parks with state-of-the-art infrastructure, common utilities and R&D lab over a three-year period.
  - Under Union Budget 2021-22, the Telangana government has been allocated funds for setting up the Kakatiya Mega Textile Park (KMTP) at an estimated cost of Rs. 1,552 crore (US$ 212 million).
  - On March 03, 2021, the Gujarat government announced to set up two mega textile parks to enable forward and backward integration in the sector.

Policy support has been a key ingredient to growth… (4/4)

**Government Announcements**

- In October 2021, Union Minister for Commerce and Industry, Textiles, Consumer Affairs, Food & Public Distribution, Mr. Piyush Goyal, announced the creation of 100 textile machinery champions in the country and to promote it in the global market. Through this, the government aims to make India a global player in textiles machinery.

- In March 2021, under the ongoing sub-mission on agroforestry (SMAF) scheme, the Ministry of Agriculture and Farmers Welfare signed a memorandum of understanding (MoU) with the Central Silk Board, under the Ministry of Textiles, on a convergence model to implement agroforestry in the silk sector.

- In March 2021, toys were identified as one of the 24 primary sectors listed under the self-reliant India initiative. The Department for Promotion of Industry and Internal Trade (DPIIT) has developed a ‘National Action Plan’ for toys that calls on several central ministries, including textiles, MSME, I&B, Education, DPIIT (under the Ministry of Commerce) and other departments, to nurture and promote the industry.

**Government e-Marketplace**

- To support the handloom and handicrafts sector, the government has taken steps to onboard weavers/artisans on Government e-Marketplace (GeM), provide a wider market and enable them to sell products directly to various government departments and organisations.

- As of June 30, 2021, 1.77 lakh weavers/artisans/handloom entities have been registered on the GeM portal.

**Weavers MUDRA Scheme**

- To support the handloom weavers/weaver entrepreneurs, the Weavers MUDRA Scheme was launched to provide margin money assistance at 20% of the loan amount subject to a maximum of Rs.10,000 per weaver. The loan is provided at an interest rate of 6% with credit guarantee of three years.

*Source: Press Releases*
Foreign investment flowing into the sector

- 100% FDI is permitted in the sector. Cumulative FDI inflows in the textiles sector stood at >US$ 3.77 billion between April 2000 and June 2021.

- The textiles industry in India is experiencing a significant increase in collaboration between global majors and domestic companies.

- International apparel giants like Hugo Boss, Liz Claiborne, Diesel and Kanz, have already started operations in India.

- In April 2021, South Korea's textile major Youngone announced that it will start its operations within six months at Kakatiya Mega Textile Park in Warangal, providing employment to 12,000 people in the region.

Note: Textiles sector FDI includes Dyed and Printed, FDI - Foreign Direct Investment. * - Until December 2020

Opportunities
Opportunities… (1/4)

1. Immense growth potential
   - The Indian textile industry is set for strong growth, buoyed by both strong domestic consumption as well as export demand.
   - The textile and apparel industry is expected to grow to US$ 190 billion by FY26.
   - In October 2021, the government announced the target to achieve US$ 100 billion from India's textile exports in the next five years.
   - Urbanisation is expected to support higher growth due to change in fashion and trends.

2. Silk production
   - The Central Silk Board sets target for raw silk production and encourages farmers and private players to grow silk. To achieve these targets, alliances with the private sector, especially agro-based industries in pre-cocoon and post-cocoon segments, are encouraged.
   - The total raw silk production increased by 1% (35,820 MT) in FY20 over the previous year FY19 (35,468 MT) despite COVID-19.

Source: News Articles
Proposed FDI in multi-brand retail

- For the textile industry, the proposed hike in FDI limit in multi-brand retail will bring in more players, thereby providing more options to consumers.
- It will also bring in greater investment along the entire value chain - from agricultural production to final manufactured goods.
- With global retail brands assured of a domestic foothold, outsourcing will also rise significantly.

Union Budget 2020-21

- Under Union Budget 2020-21, the Government has allocated around Rs. 3,515 crore (US$ 502.93 million) to the Ministry of Textiles.
- Rs. 223 crore (US$ 31.91 million) is allocated to Textile Infrastructure.
- Rs. 761.90 crore (US$ 109.01 million) is allocated for A-TUFS.
- Rs. 159.08 crore (US$ 22.76 million) allocated towards schemes for powerloom units.
- Rs. 80 crore (US$ 11.45 million) allocated for scheme targeted towards Integrated Textile Parks.
- The National Handloom Development Programme will get Rs. 388.21 crore (US$ 55.55 million) and the Integrated Processing Development Scheme will get Rs. 50 crore (US$ 7.15 million).

Union Budget 2021-22 highlights

- Under Union Budget 2021-22, the Government of India allocated ~Rs. 3,631.64 crore (US$ 497.70 million) to the Ministry of Textiles
- Positive measures in the budget 2021-22 for textile sector are as follows:
  - Mega Investment Textiles Park (MITRA) scheme, in addition to production-linked incentive (PLI) scheme, to establish seven textile parks over a three-year period.
  - Uniform reduction of basic customs duty (BCD) rates to 5% on caprolactam, nylon chips and nylon fibre & yarn to spur textile industry, MSMEs and exports.
  - Customs duty on cotton from 0 to 10% and on raw silk and silk yarn from 10% to 15% to benefit domestic cotton and silk growers.

Centers of Excellence (CoE) for research and technical training

- The CoEs are aimed at creating testing and evaluation facilities as well as developing resource centres and training facilities.
- Existing 4 CoEs, BTRA for Geotech, SITRA for Meditech, NITRA for Protech and SASMIRA for Agrotech, would be upgraded in terms of development of incubation centre and support for development of prototypes.
- Fund support would be provided for appointing experts to develop these facilities.

Opportunities… (4/4)

7 Foreign investments

- The Government is taking initiatives to attract foreign investment in the textile sector through promotional visits to countries such as Japan, Germany, Italy and France.

- According to the new Draft of the National Textile Policy, the Government is planning to attract foreign investment and creating employment opportunities for 35 million people.

- In December 2019, online clothing brand, Henry & Smith, raised US$ 1 million from WEH Ventures and Rukam Capital.

- India can become the one-stop sourcing destination for companies from Association of Southeast Asian Nations (ASEAN) as there exist several opportunities for textile manufacturing companies from 10-nation bloc to invest in India.

8 Bilateral relations

- In October 2021, Ministry of Textiles and GIZ (Deutsche Gesellschaft fur Internationale Zusammenarbeit) signed an MoU to implement the ‘Indo German Technical Cooperation’ project. The project aims to increase the value addition from sustainable cotton production in the country.

- In March 2021, Pakistan approved reinstitution of cotton and sugar imports from India, indicating softening of bilateral relations.
