Opportunities
Niche segments offer good opportunities

**Medical tourism**
- The presence of world-class hospitals & skilled medical professionals makes India a preferred destination for medical tourism.
- India’s earning from medical tourism could exceed US$ 9 billion by 2020.
- Tour operators are teaming up with hospitals to tap this market.
- Medical tourism to benefit a lot post COVID-19 pandemic owing to rising recognition of the country for being safe and for dealing with post Corona impacts.

**Cruise tourism**
- Cruise is one of the most dynamic & fastest growing segments in the global leisure industry.
- Government of India has estimated that India would emerge with a market size of 1.2 million cruise visitors by 2030-31.
- Moreover, India is looking to take advantage of its 7,500 km coastline to tap growth potential of the cruise tourism segment.
- The cruise terminal in Mumbai has been allocated Rs. 1,000 crore (US$ 155.55 million).
- India signed a deal of worth US$ 950 million with Russia for two upgraded cruises. These ships are expected to be delivered by 2022.

**Rural tourism**
- The potential for development of rural tourism in India is high as most of its population reside in rural areas.
- This can benefit the local community economically and socially and facilitate interaction between tourists and locals for a mutually enriching experience.

**Eco tourism**
- India is often termed as the hotspot for bio-diversity and its rich natural heritage is unparalleled in many ways.
- Such valuable resource base gives impetus for the practice of variety of alternate tourism forms & many of which are already in existence.
- For example: National parks, wildlife sanctuaries and biosphere reserves.
- In January 2021, Old Goa-based Indian Council of Agricultural Research-Central Coastal Agricultural Research Institute (ICAR-CCARI) launched the agro-eco tourism (AET) module as a potential alternative to regular tourism.

## Airlines industry set to fly higher

### Low-cost airlines
- Growth in low-cost airlines is expected to lower tourism cost and increase domestic spending on tourism. Low-cost flights under Ude Desh ka Aam Naagrik (UDAN) scheme are expected to connect underserved regions in the country and promote domestic tourism.
- Under RCS-UDAN scheme, ~34,74,000 passengers were flown and 335 routes were awarded during 2019, covering 33 airports (20 unserved, 3 underserved, 10 water aerodromes).

### Increase in international flight operators
- The market is likely to become more competitive due to the entry of an increasing number of international flight operators expected to offer improved services to tourists. JVs such as Air Asia and Tata SIA is already serving the Indian skies.
- Players like Etihad and Vistara have entered the country in the last few years.

### Increasing number of airports
- The Airport Authority of India aims to start operating 250 airports across the country by 2020. As of 2019, there were 132 operational airports in India.

### Higher investments
- In the Union Budget 2018-19, the Government proposed to develop 10 prominent sites into iconic tourist destinations.

### Higher passenger traffic
- In FY19, domestic air traffic and International air traffic in India increased 14.1% and 3.4% y-o-y, respectively. By 2020-21, passenger traffic at Indian airports is expected to increase to 450 million people.
