Iran and the Middle Urals have signed an agreement on cooperation

"It is planned that the exhibition will host 190 Russian companies, 280 Chinese, 120 Indian, 20 Italian, 13 German, 5 US and 5 Czech. There will also be companies from Austria, Japan, Poland, Taiwan, United Arab Emirates, South Africa. As of today 695 participants from 17 countries have confirmed their participation. It is expected that industry ministers of India, Zimbabwe and representatives of line agencies of Greece, Iran, Japan, Italy will participate in the exhibition", - said the president of the organizer company Maxim Zverkov.

The Department of Information Policy of the region Governor said that the branch offices and the exhibition operator were instructed to study the options for accommodation and transfer guests in the nearby towns. Even the neighboring Chelyabinsk might host the guests.

Sverdlovsk Region's stand at "Innoprom" takes 800 square meters and it will be located in the third pavilion.

"As part of the development, cluster technologies will be showcased as well as Titanium Valley and Ural Federal University's projects and the region's industrial parks and other projects. Now there is a study of the list of enterprises of Sverdlovsk, that the Indian and Chinese partners will visit", - says the first deputy chairman of the Government of the region - Minister of Regional Investment and Development Alexei Orlov.

In addition to the business program of the Forum guests will have a few surprises. For example, a golf tournament will open at the start of the exhibition; exhibition guests will enjoy tea ceremonies and participate in workshops on yoga. On the first day of work of the exhibition, 11 July, there will be a boxing match between the world champion in the light heavyweight Sergey Kovalev and Isaac Chilemba.
