Engineering & Capital Goods

Market Size

- Capital Goods Turnover (US$ billion)
  - 2017: 70
  - 2025F: 115
  - CAGR: 6.42%

- Electrical Equipment Production (US$ billion)
  - FY18: 27.3
  - 2022: 100
  - CAGR: 21.43%

Exports Performance Of Principle Commodities (FY20) (up to November 2019)

- Iron and Steel and Products made of Iron and Steel
- Automobiles
- Industrial Machinery
- Ships, Boats and Floating products and parts
- Other engineering products
- Electrical Machinery
- Non-Ferrous Metals and Products made of Non-Ferrous Metals
- Aircrafts and Spacecraft parts and products

Engineer R&D (US$ billion)

- FY18*: 28.0
- 2022F: 42.0

India’s engineering exports (US$ billion)

- FY18: 76.20
- FY19: 81.1
- FY20**: 51.1

Note: * - including product engineering services, F - Forecast, **-till November 2019
