Rich labour pool

- High worker-participation rate and one of the lowest reported losses of man-days attributed to labour problems in the country.

Energy rich

- Presence of coal makes Chhattisgarh an ideal location for pit-head-based thermal power plants.
- Among the few profitable states in terms of utility-based electricity.

Mineral resources

- Chhattisgarh has deposits of limestone, iron ore, copper, bauxite, dolomite & coal
- During April 2025–February 2026, the state recorded mineral production worth Rs. 22,049.76 crore (US\$ 2.50 billion).

Policy and fiscal incentives

- Wide range of fiscal and policy incentives for businesses were announced under the state's Industrial Policy 2014-19.
- Well-drafted policies for the IT/ITeS, minerals and energy sectors.

Industrial Development Policy 2024-30

A comprehensive framework by the Government of Chhattisgarh to attract investment, spur industrial growth and employment across the state through incentives like tax exemptions, duty waivers and streamlined clearances.

Chhattisgarh Startup Package 2024-30

A comprehensive incentive scheme under the Chhattisgarh Industrial Development Policy 2024-30 that offers startups recognised by DPIIT benefits including rent-subsidy, stamp-duty waiver, project-report support, seed funding, credit-risk fund and other fiscal incentives to promote innovation and industrial growth in the State.

Chhattisgarh Solar Energy Policy 2017-27

A policy enabling solar power project development in Chhattisgarh (individuals, companies, captive generation, third-party sale) with incentives including electricity-duty waiver, land/stamp duty concessions, single-window clearances via CREDA and provisions for rooftop, captive and grid-sale solar plants under defined capacity- and bidding-formats.

Transport

Develop a world class rail and road network for better connectivity with metros.

Agriculture

Encourage contract farming with the benefit of assured prices and efficient use of irrigation, rainwater harvesting.

Tourism

Promote religious, adventure and heritage tourism.

Infrastructure

Connect all villages with better roads and increase reliance on renewable energy.

Skill development

Implemented the Skill Development Act 2013 to develop employment skills among youth.

Environment

Be a pollution free industrialised state and put in place proper pollution control and environment management systems.

Education

Build a primary school within every five kilometres and improve distance learning programmes.

Investment promotion

Simplify procedures and ensure speedy clearances and balanced regional development.
