ADVANTAGES

Policy and infrastructure

The 'Nagaland: Enhancing Classroom Teaching and Resources Project' to impact ~150,000 students and ~20,000 teachers in the government education system in Nagaland.

Institutional support

Institutional support is further reinforced through partnerships with organizations such as the North Eastern Council (NEC), which continues to fund infrastructure, tourism, educational and livelihood projects across the state.

Favourable location and abundant resources

Nagaland's agro-climatic conditions favour agriculture, horticulture and forestry, offering immense potential in these areas.

Availability of skilled labour

Nagaland has a high literacy rate of 79.55%. Most of the population in the state speaks English, which is the official language of the state.
The state strongly focuses on technical and medical education.

KEY GOVERNMENT POLICIES AND OBJECTIVES

Nagaland Road Maintenance Policy 2017

To ensure proper up-keep and maintenance of roads in the state.

Nagaland Food Processing Industries Policy (NFPIP), 2024

Policy to promote food processing, value addition, and agro-based industries to boost farmers' income and generate employment.

The State Budget 2026-27

In March 2026, the Nagaland Assembly passed a budget of Rs. 22,127.33 crore (US\$ 2.41 billion) for FY27

Harvest Educational Transformation Solutions (HETS)

In February 2021, the Harvest Educational Transformation Solutions (HETS) was launched in Dimapur to enhance education quality in Nagaland.

Nagaland Trade, Investment, and Industrial Policy (NTIIP), 2025

State's five-year policy to promote trade, attract investments, and support industrial growth.

GOVERNMENT VISION-2030 FOR THE STATE

Telecommunication

Create robust telecommunication infrastructure across the state with optical fibre utilising power transmission lines.

Agriculture

Nagaland could increase its annual agricultural production by seven to eight-fold by 2025.

Skillling the youth

High proportion of youth in the state's demography is a primary resource and is an opportunity to boost the economy.

Education

Digitisation of classrooms: E- classrooms and related ICT infrastructure for all schools by 2020-25.
