ADVANTAGES

Increase opportunities through digital India

Submarine Cable will assist A&N in providing cheaper and better connectivity and all Digital India's advantages, especially in improving online education, telemedicine, banking, online trading and tourism.

High impact projects and improved physical connectivity

High-impact ventures are being extended across 12 Andaman and Nicobar Islands. In order to boost the North and Middle Andaman road connectivity, two major bridges and the NH-4 are under construction.

International Maritime Trade

The island's blue economy such as fisheries, aquaculture and seaweed farming will accelerate in line with the growth of modern infrastructure in Andaman and Nicobar.

Policy and infrastructure support

The Indian government has set target for Andaman and Nicobar to attain its energy needs through 100% renewable energy.

KEY GOVERNMENT POLICIES AND OBJECTIVES

National Fisheries Policy, 2020

Activities such as game fishing and concept of 'Catch, Photograph and Release' scheme, (CPR), to popularise ecotourism or fisheries tourism

Andaman and Nicobar Innovation Policy 2018-23

Was established for the development of startup ecosystem and employment in the state by 2023.

Lakshadweep and Andaman and Nicobar Islands Industrial Development Scheme, (LANIDS) 2018

For industrial units in Lakshadweep and Andaman and Nicobar Islands.

GOVERNMENT VISION-2030 FOR THE UNION TERRITORY

Infrastructure

Submarine optical fibre cable connectivity in Andaman and Nicobar

Connectivity

Four ships being built at Kochi Shipyard would improve the water connectivity between the islands and the mainland.

Employment

Focus on job creation for islanders by promoting tourism and exporting seafood and coconut products manufactured in the islands.

Eco-tourism

Bidding process for development of sustainable ecotourism projects in the seven islands of Andaman and Nicobar and Lakshadweep have been undertaken.
